Scanning tools are available with Campus Workflow Suite.

Tool Search: Daily Health Log Scanning

The Daily Health Log Scanning tool is used to scan students in for daily health tracking purposes in conjunction with the Daily Health Log tool.

Scan in a student

Manually enter a student number or scan the ID, then click **Enter.**

Once a student scans in, the Daily Health Log displays.

Add a Daily Health Log Record

See the Daily Health Log documentation for information on how to enter Daily Health Log records.
