The CALPADS Work-Based Learning Extract reports work-based learning completion information for students in grades 9-12, based on entries on the [Student Work-Based Learning](#) tool.

CALPADS Work-Based Learning Extract

Report Logic

In order to be included in the extract, students:

- Must be enrolled in the selected calendar and be in grades 9-12.
- Must have a Work-Based Learning Record at any point in the selected calendar where the Start Date of the Work-Based Learning Record is prior or equal to the Enrollment End Date AND the Work-Based Learning Record End Date is after or the same date as the Enrollment Start Date OR there is no End Date on the Work-Based Learning Record.

The extract can be run against the current active year or the prior year.

Operational Key

- School of Attendance (field 5)
- Academic Year ID (field 7)

Non-Binary Gender Reporting

Schools can assign students a gender of M: Male, F: Female or X: Non-binary. This is done on the [Identities](#) tool and/or the [Demographics](#) tool.

CALPADS Extracts use the Legal Gender field included in the Protected Identity Information to report student identity information.

To properly record a gender of X: Non-Binary, on the Identities tool:

1. Assign the **Gender of X: Non-Binary** in the standard identify fields.
2. Assign the **Protected Identity Information Legal Gender** field to either M: Male or F: Female.
3. Save the record when finished.

The screenshot shows the 'Identities Editor' interface. At the top, a table lists student identities. The first entry is 'Student, Luke W' with a current status of 'X', an effective date of '07/30/2007', a birth date of '06/10/2002', and a district of 'Calaveras Unified'. Below this is the 'Identity Information' section for the selected student. It includes fields for PersonID (2318), Last Name (Student), First Name (Luke), Middle Name (Wesley), and Suffix. The Gender is set to 'X: Non-binary' and the Birth Date is '06/10/2002'. A 'Protected Identity Information' section is expanded, showing Legal Last Name (Student), Legal First Name (Luke), Legal Middle Name, and Legal Suffix. The Legal Gender is set to 'Female'. At the bottom, there is a 'Race/Ethnicity (Edit)' field.

Validate WBLR Data

Use the [Data Validation Report](#) to correct any student data prior to the submitting the CALPADS file to the state. Validation Groups and Validation Rules are provided by Infinite Campus for a specific CALPADS extract (listed below). These groups are used to return certain rules assigned to each group.

- CALPADS SSID Enrollment
- CALPADS Student Information
- CALPADS Student Programs
- CALPADS Student English Language Acquisition
- CALPADS Student Discipline
 - Student Incident File
 - Student Incident Result File
 - Student Offense File
- CALPADS Staff Demographics
- CALPADS Staff Assignments
- CALPADS Course Section
- CALPADS Student Course Section
- CALPADS Work-Based Learning
- CALPADS Postsecondary Status Summary

Modifications to the Validation Rules and Validation Groups can be made if your district has purchased the [Campus Analytics Suite](#); otherwise, they are read-only.

Users can select the **Missing or Incorrect Data** Validation Group, which returns any missing or incorrect data that is reported in the CALPADS Extract, like a missing enrollment exit reason or an incorrect date, for example.

Note that examples refer to CALPADS SENR.
