The student record card is used to maintain a paper copy of student information as required by Maryland Department of Education (MSDE).

Student Record Card 7 is completed for the current school year when a student is moving from one school to another. The Maryland State Department of Education (MSDE) requires districts to provide a summary of a student's schooling when transferring between schools.

Student Record Cards ☆

Student Record Cards

The student record card is used to maintain a paper copy of student information as required by Maryland Department of Education. Please select which record card to print. One card will print per student per enrollment.

Student Record Cards 2, 3, 4 and 7 are resource intensive and can only be generated for one school at a time, if there are more than 500 students in the file the report must be run in batch mode.

Extract Options

Record Card Type: Record Card 7 ▾

Start Date: 07/01/2007

End Date: 06/30/2008

Format: PDF ▾

Select Students

The results of the report can be narrowed by selecting specific grade levels, using a Student Ad Hoc filter, or entering the student State Student ID number. Any State Student ID entered must exactly match the State ID shown in the student's Demographics Summary. The report can be run for multiple State Student IDs when each number is separated by a comma.

The results default to students in All Grades

Single Selection Only

Student Record Card 7 Editor

Report Logic

- One record card reports per student.
- If the student had multiple enrollments during the year, the report header reflects the latest/most recent enrollment.
- To report, students must have had a Primary, Partial, or Special Ed enrollment in the selected calendar within the start and end dates.
- Student enrollment must be in grade levels PreK-12.

Extract Options

Field	Description
Record Card Type	Select Record Card 7 .
Start Date	Default date is the earliest date of the calendar(s) selected. The date can be changed.
End Date	Default date is the latest date of the calendar(s) selected. The date can be changed.
Format	<ul style="list-style-type: none"> • PDF • Comma Separated (CSV) • HTML
Grade	A grade level filter will narrow report results to only include students in the selected grade levels.
Ad Hoc Filter	Ad Hoc Filters are available for users to narrow report results.
State Student ID	Limit search results to only include student's matching the State Student IDs entered. This field allows one to multiple State Student IDs when each number is separated by a comma.
Calendar Select	<ul style="list-style-type: none"> • Only one calendar can be selected • Defaults to the calendar selected in the Campus Toolbar • Selection of at least one calendar is required
Generate Report Submit to Batch	<p>Users have the option of submitting the report request to the batch queue by clicking Submit to Batch instead of Generate Extract. This process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.</p> <p>Student Record Card 3 is resource intensive and can only be generated for one school at a time. If there are more than 500 students in the file, the report must be run in batch mode.</p>

This record is to be completed, for the current school year, by the sending school and a copy should be provided by the parent/guardian to hand-carry to the receiving school. All official records for transferring student should be faxed, mailed, or sent electronically upon receipt of an official request. This information is intended to facilitate initial instructional placement prior to receipt of official school records. This form is not intended to replace the registration process nor substitute for standard enrollment forms of the local school system. Official records will be sent upon request of the receiving school.
