Digital Equity

Last Modified on 09/23/2026 2:29 pm CDT

Path: Student Information > State Programs > Digital Equity

The Digital Equity tool allows schools to track digital devices and internet availability for students. More than one record can be added, but records cannot overlap.

Fields vary by state. Please see the State-Specific Information section for more information on Digital Equity procedures in your state.

Example Digital Equity Record

Use the Federal/State Program Updater tool to import Digital Equity information to this tool.

See the State Programs Tool Rights article for information about tool rights needed to use this and other State Programs tools.

Enter a Digital Equity Record

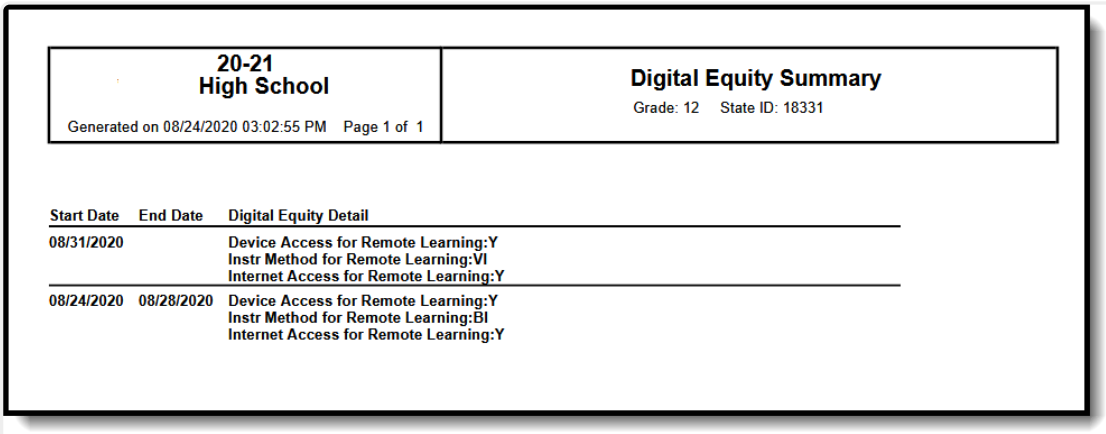

Fields in red with an asterisk are required.

1. Click the **New** button. A **Digital Equity Detail** editor displays.
2. Enter the applicable information for the student.
3. Click the **Save** icon when finished. The saved record displays in the Digital Equity summary.

For OLR Prime users, see the OLR Federal Program Posting Setup article for information on adding Digital Equity fields (and other Federal Program fields) to the Online Registration application. These fields automatically post to the added field.

Print summary report

A Summary Report of a student's Digital Equity records can be generated by clicking **Print Summary Report.**
