**Classic View:** Student Information > Program Participation > State Programs > Crisis Event

**Search Terms:** Crisis Event

The Crisis Event tool tracks students who were enrolled, or are eligible for enrollment, but have temporarily or permanently enrolled in another school or district because of a crisis-related disruption in educational services.

See the core [Crisis Event](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding Crisis Event records.

The screenshot shows the Infinite Campus interface for a Crisis Event record. At the top, there is a navigation bar with a menu icon, a search icon, and the Infinite Campus logo. Below this, the record is titled "Crisis Event" with a star icon. The student's name is "Student, Adam", with a grade of 10, ID #123456, and DOB of 09/15/06. The record is associated with "2025 HS Graduation" and "Cohort 2025".

Below the student information, there are three action buttons: "New", "Save", and "Delete".

The main section is titled "Crisis Event Summary" and contains a table with the following data:

Start Date	End Date	Crisis Event	Displaced Indicator
11/17/2020		COVID-19	false
03/12/2020		COVID-19	false

Below the summary table is the "Crisis Event Detail" section, which includes fields for "Start Date" (11/17/2020), "End Date", "\*Crisis Event" (COVID-19: COVID-19), and "Displaced Indicator" (checkbox). There is also a "Comments" text area and a "Modified By" field showing "Staff, Maria 12/10/2020 05:39 PM".

## Crisis Event

The Crisis Code indicates a state health or weather-related event that impacts a group of students, and may require additional funding, educational, or social services. The event may or may not cause the student to leave the district or campus of residence.

This field is maintained at a district level so that districts can easily activate and inactivate codes during times of crisis.
