

Manage Blended Learning Groups

Last Modified on 04/01/2025 10:28 am CDT

Tool Search: Manage Blended Learning Groups

The Manage Blended Learning Groups tool allows users to update certain aspects of Blended Learning Groups, like change the start date of a group to a date in the past (backdating) and redistribute students assigned to learning groups to other learning groups.

To modify a specific student's start date in a learning group to an earlier date, use the available options on the [Student Blended Learning Group Assignments](#) tool.

The screenshot shows the 'Manage Blended Learning Groups' interface. At the top, there's a header with the Infinite Campus logo and user information. Below the header, the title 'Manage Blended Learning Groups' is displayed. A table lists various learning groups with columns for Name, Group Color, Start Date, End Date, Students Added, and Status. The table includes groups like 'Group 1234S', 'Group 2', 'Group 211', 'Group 2234 S', 'Group ABC', 'NWS Group', 'November BLG', 'SME Virtual', and two groups with backdated start dates. A 'Show Archived' toggle is visible on the right. Below the table, there are buttons for 'Backdate Blended Learning Groups', 'Redistribute Blended Learning Groups', and 'Manage'.

NAME	GROUP COLOR	START DATE	END DATE	STUDENTS ADDED	STATUS
Group 1234S		11/12/2020	06/30/2021	Automatic	ACTIVE
Group 2		10/08/2020	10/12/2020	Automatic	ACTIVE
Group 211		10/13/2020	11/11/2020	Automatic	ACTIVE
Group 2234 S		11/12/2020	06/30/2021	Automatic	ACTIVE
Group ABC		10/15/2020	06/30/2021	Manual	ACTIVE

November BLG		11/02/2020	06/30/2021	Manual	ACTIVE
SME Virtual		03/31/2021	06/30/2021	Manual	ACTIVE
Backdate Blended Learning Groups		09/29/2020	06/30/2021	Manual	ACTIVE
Redistribute Blended Learning Groups		09/29/2020	06/30/2021	Manual	ACTIVE

Manage Blended Learning Groups

Blended Learning tools were first released in the [Campus.2028 Release Pack \(July 2020\)](#). See the [Blended Learning Groups](#) article for an overview of the entire Blended Learning Group process.

See the [Manage Blended Learning Groups Tool Rights](#) article for information about rights needed to use this tool.

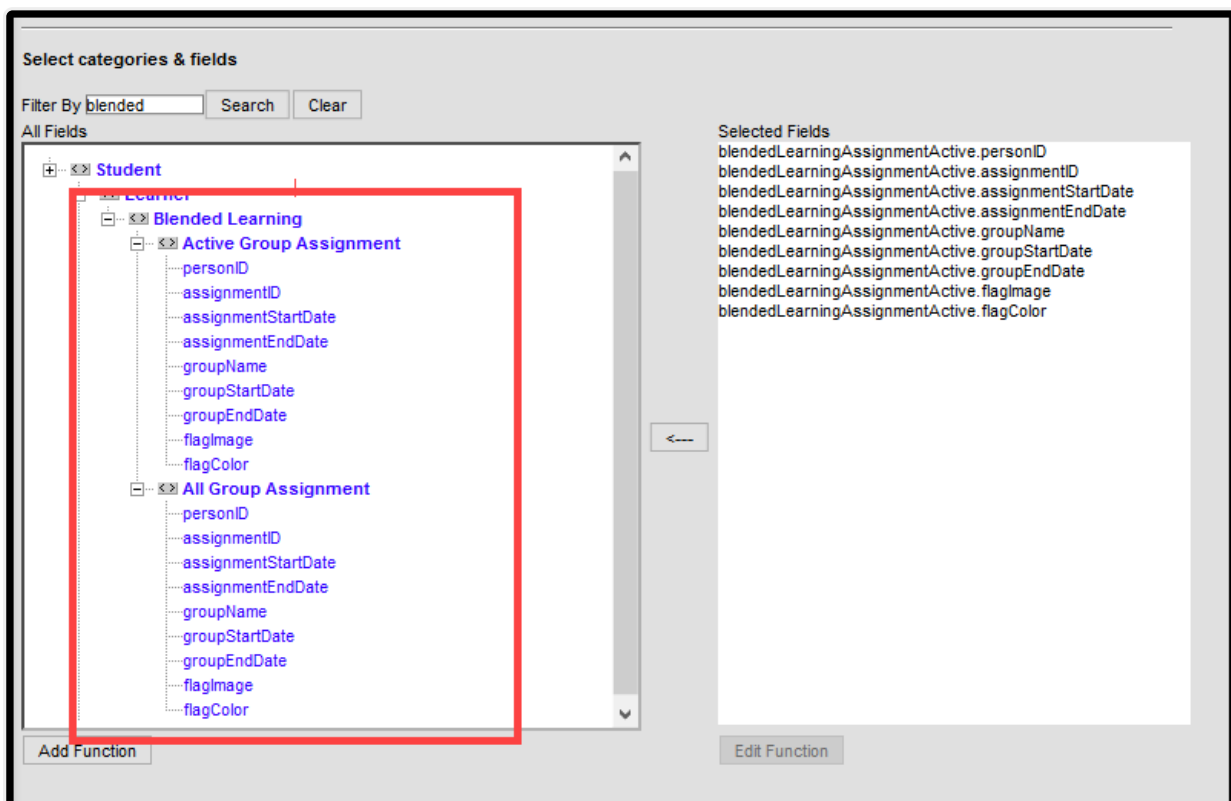

Blended Learning Information in Ad

Ad hoc Query Wizard

Blended learning information is available in the Query Wizard for **Student Data Type**. Fields are available in the **Learner > Blended Learning** folder. Fields exist for the student's **Active Group Assignment** and **All Group Assignment**.

See the [Blended Learning Groups article](#) for more detailed information on Ad hoc information for Blended Learning, including:

- Virtual Today and Virtual Tomorrow logic
- Term Summary and Participation Detail
- Course/Section Data Type and Blended Learning Fields

Blended Learning Ad hoc Fields

Backdate Blended Learning Groups

This tool allows the changing of a start date of a learning group and the updating of all students assigned to that group.

- When backdating a group, all participation records (student attendance records for virtual courses) for each student enrollment in the selected date range are updated.
- When the date range of a group includes a student's assignment for a future group assignment, that future group assignment is removed.
- Student attendance participation records are inserted upon the completion of the backdating process even when Virtual Attendance Preferences are NOT enabled.

Like other Blended Learning tools, use the progress tracker across the top to see where you are in the process and to return to the previous step.

Backdating can be done for groups that currently have student assignments and for groups that do not have student assignments.

When a student is moved from being Physical to Virtual for a particular period (Override option via [Teacher Attendance](#), [Classroom Monitor](#) or [Section Attendance](#)), the backdating process does not delete or overwrite the participation records for those students.

Due to performance issues, backdating is currently limited to one month at a time.

To begin, click the **Manage** button and choose **Backdate Blended Learning Groups**

Backdating Attendance Logic

▶ [Click here to expand...](#)

The following logic applies to backdating student attendance when using the [Manage Blended Learning Groups](#) tool to backdate groups and when [backdating a single student's Blended Learning Group](#) assignment.

Backdating is processed by calendar, not by student. If there are failures on the calendar, the backdating-related data is rolled back to the state it was in prior to when the backdating process began.

For the entered date range:

- Moving from a Virtual Group to a Physical Group **DELETES** any existing participation records for that day.
- Moving from a Physical Group to a Virtual Group and a student has ABSENT attendance records for a period (whether entered by the teacher or by the office staff) on the affected day, **NO CHANGES ARE MADE**.
- Moving from a Physical Group to a Virtual Group and a student has PRESENT attendance records for a period (e.g., no attendance records, or attendance records marked as Present, Early Release or Tardy for that day) on the affected day, a participation record is **CREATED** for that course with participation marked as **CONFIRMED**. The modified by information for this participation confirmation is the individual who backdated the learning group.

If the student is scheduled into any form of a block section where the student is not marked absent for all of the periods in which that section meets, participation records are **CREATED** for all periods linked to the section on that day.

Note the following:

- Participation records are NOT inserted when the Calendar Day is not marked for Attendance.
- Participation records are NOT inserted when the Course is not marked for recording Attendance.

Date logic for Backdating Blended Learning Groups

▶ [Click here to expand...](#)

Note the following logic for dates as they related to Blended Learning Groups.

- Date fields are auto-populated from the next future date to the last instructional date in the

selected calendar.

- When creating a blended learning group, the end date entered in the New Blended Learning Group tool is also added to the database and displays for all student group assignment end dates associated with the group.
- End dates can only be entered for a current or future date.
- End dates are required when editing or adjusting groups.
- Extending a future group end date does not update the student group assignment end date.
- Shortening a future group end date does update or delete any group assignment or day rotation necessary.

Backdate with Student Assignment

Step 1. Select Group

1. Select the name of the **Group** to modify. A list of calendars and the number of students in that group displays, and includes whether Virtual Attendance Preferences have been enabled.
2. Choose the **Backdate with Student Assignments** option.
3. Click the **Next** button.

Backdate with Student Assignments

Step 2. Backdate

The information box at the top of the editor provides some logic on the dates for the selected group.

1. Enter a start date for the **Backdating Range Start Date**. The Backdating Range End Date cannot be modified, as it is the last attendance day prior to the current group start date. Enter a new start date in mm/dd/yyyy format or use the calendar icon to select a date.
2. Choose a Day Rotation for Backdating Range:
 - For groups where the students are always in school, choose the first option of **Do Not**

Assign Group to Any Attendance Days in the Backdating Range.

- For groups where the students are always virtual, choose the second option of **Assign Group to Every Attendance Day in the Backdating Range**.
- For groups where students are sometimes in school and sometimes virtual (hybrid approach), choose the third option of **Assign Group to Selected Attendance Days in the Backdating Range**. This option also requires the selection of which days to assign the group to that are included in the backdating range. For example, if the students are virtual every Tuesday, place a checkbox next to all of the Tuesday dates. There's also a search field that returns all matching days for easy selection.

3. Click the **Next** button.

Backdate Blended Learning Groups

Select Group Backdate Preview Results

Enter a date to start the Backdating Range. The Backdating Range ends on the last attendance day prior to the current group Start Date 09/01/2020. Redistribute Blended Learning Groups

Redistributing existing learning groups moves students assigned to a certain group to be re-assigned to other groups. This option can be used to move students to new cohort groups at the start of a new semester, or to assign temporary groups to students on weather days or other situations when students are not learning in a traditional location.

Users can choose to **redistribute selected groups**, which reassigns students assigned to the selected groups across the list of selected groups only, or **redistribute groups into other groups**, which reassigns students currently assigned to one of the selected source groups to a specific destination group.

To begin, click the **Manage** button and choose **Redistribute Blended Learning Groups**.

NAME	GROUP COLOR	START DATE

Redistribute Blended Learning Groups

Redistribute Selected Groups

Redistributing selected groups reassigns students amongst the selected groups, and also includes any students who are not currently assigned to any group. To be included, students must meet the following:

- Have an active group assignments to the selected groups as of the current date OR
- Be assigned to the selected groups on the Redistribution Start Date OR
- Have no group assigned on the Redistribution Start Date.

For example, three groups exist at a school - Group A, Group B and Group C. Only Group A and Group B is selected to be redistributed, which means only those students currently assigned to Group A and Group B will be part of the redistribution, plus any student who is not currently assigned to ANY group.

Who's Considered for Redistribution?

The following table (select the Click here to expand link) details which students are considered for redistribution based on their status of enrollment, whether they are enrolled on the redistribution date and to which group they may be assigned.

► [Click here to expand...](#)

This pool of students are currently assigned to Groups A and Group B - the same groups that are

chosen for redistribution. The Redistribution Start Date is in one week from the current date. The highlighted field determines whether the student is included in the redistribution.

Student	Enrolled Today?	Enrolled on Redistribution Start Date?	Group as of the Current Date	Group as of the Redistribution Start Date	Included in Redistribution
Groups Assignments are NOT locked <i>Lock Existing Blended Learning Group Student Assignments Checkbox Not Marked</i>

David Student	Yes	Yes	Group B	None	Yes - Stays in Group B
Eve Student	Yes	Yes	Blank	Blank	Yes - assigned to Group A or Group B

Student	Enrolled Today?	Enrolled on Redistribution Start Date?	Group as of the Current Date	Group as of the Redistribution Start Date	Included in Redistribution
Franklin Student	Yes	Yes	Group A	Group C	No - the student is already assigned to a group on the redistribution start date that is not one of the selected groups.
Ginger Student	Yes	Yes	None	Group C	No - the student is already assigned to a group on the redistribution start date that is not one of the selected groups.
Henry Student	Yes	Yes	None	No, but is assigned to Group A after the redistribution start date.	Yes - will be assigned to Group A or Group A; future Group A may be kept.

Step 1. Select Dates and Calendars

1. Enter a **Redistribution Start Date** in *mmddyy* format or use the calendar icon to select a date. This is the start date for the new Blended Learning Group assignment. This field auto-populates with tomorrow's date - the earliest students can be assigned to new groups, and current groups are ended as of today.
2. Enter a **Redistribution End Date** in *mmddyy* format or use the calendar icon to select a date. This is the end date for the new Blended Learning Group assignment. This field auto-populates with the last date of the calendar.
3. Determine if summer school calendars should be included in the redistribution. If no, mark the **Exclude Summer School Calendars** checkbox. A calendar is marked as a Summer School calendar on the [Calendar Details](#) editor.
4. Select which **Calendars should be Excluded from the Student Redistribution** process. Any student enrolled in the calendars listed here are not part of the redistribution. Begin typing the name of the calendar in the field, or click to scroll the list and select calendars, or

click the **Select All** button to list all calendars.

5. Click the **Next** button to select the groups to redistribute.

Redistribute - Select Dates and Calendars

Step 2. Select Groups

1. Select **Redistribute Selected Groups** for the Redistribution Type. This reassigns students currently assigned to the selected groups into the selected groups.
2. Select which **Groups** to include. Click in the field to scroll through the available groups, or click the **Select All** button.
3. If students in the selected groups should NOT be redistributed, mark the **Lock Existing Blended Learning Group Student Assignments** checkbox. When marked, only students who are currently not assigned to any learning group are redistributed into the selected group, and the students currently in the selected groups remain in their current groups.
4. Click the **Next** button to preview the redistribution.

Redistribute Selected Groups - Group Selection

Step 3. Preview

Review the selections made for the redistribution process. This step summarizes the selections made. If satisfied, click the **Finish** button. This may take some time to complete, depending on the number of groups selected, the number of calendars included, the number of students assigned to groups, etc. Please be patient.
