Tool Search: Programs

Texas CTE Programs allow users to track the following information for Career Tech Education (CTE) students: single parent status, pregnancy, transportation, displaced homemaker status, CTE funding eligibility, and WBL Course and Service IDs. Program eligibility dates determine active status of all additional fields. These fields are described in more detail below. For more information on the general function of this tool, please see the [Academic Programs \(Academic Planning\)](#) article.

Be aware that field settings are tied only to the selected program and program dates.

Career Tech Program - Participation Detail Fields

CTE Funding Exempt

When marked, this checkbox indicates the student is not eligible, during the user-defined date range, for CTE funding. CTE funding *may* be applied outside of the date range.

Out of Workforce

Marking this field indicates an individual who has worked for a substantial number of years providing unpaid household services for family members and is not currently gainfully employed. This term includes those who are unemployed or underemployed and individuals who have had or would have difficulty in securing employment.

This group also includes those individuals who:

1. have been dependent on the income of another household member but are no longer supported by such income; or
2. have been dependent on public assistance but are no longer eligible for such assistance or may have been terminated from such assistance; or
3. parents of a minor child who is supported by public assistance or child support but are within two years of termination from such support.
