The NV State Enrollment Overlap Report extracts enrollment information for students in the state or district who have overlapping enrollments statewide.

NV State Enrollment Overlap Report

This report outputs enrollment information for selected student populations who have overlapped enrollments statewide. District-wide: all schools in the district are considered during report generation. This is a very complex report. Please try to limit the number of students run per batch or consider using the Submit to Batch button.

Step 1 - Select base student population

NV State Enrollment Overlap Report Editor

Report Logic

A record reports for students:

- actively enrolled in a single school more than once.
- actively enrolled in two or more schools during the same date range.
- enrolled in multiple schools in the same date range in the same school year within Nevada.
- with district enrollment overlaps across Nevada for the same date range and school year.
- with enrollment records that overlap for only one day when **Include Same Day Overlaps** is selected on the extract editor.
- with **No Show** selected on their enrollment and the enrollment overlaps for one day with another enrollment, when **No Show** is selected on the extract editor.

Field	Description
Generate Report Submit to Batch	The report can be marked to generate immediately using the Generate Extract button or can be marked to generate at a later time using the Submit to Batch button. See the Batch Queue article for additional guidance.

State-Wide Comparison (State Edition Only)

Complete the following steps to compare a specific district to all students within the state.

1. Select the base district for comparison in the Campus toolbar.
2. Select **District** in *Step 1 - Select base student population*.
3. Select **State-wide** in *Step 2 - Select level of comparison* to compare that district state-wide.
4. Enter a short date range in *Step 3 - Select Enrollment types and date range*.
Tip: A week or two is recommended for best performance or use the *Submit to batch* tool.
5. Fill in your enrollment options and run the report.

Report Layout

Element	Logic	Location
Student State Unique ID	The student's state ID number.	Census > People > Demographics > Student State ID
First Name	The student's first name.	Census > People > Demographics > First Name
