Path: Student Information > State Programs > Instruction Mode

The Instruction Mode tool allows districts to record the learning environment for the student and to track how assignments are being used based on the CARES Act Participation field.

Fields vary by state. Please see your state's State Tools articles for more information on Instruction Mode procedures in your state.

Instruction Mode Editor

See the State Programs Tool Rights article for information about tool rights needed to use this and other State Programs tools.

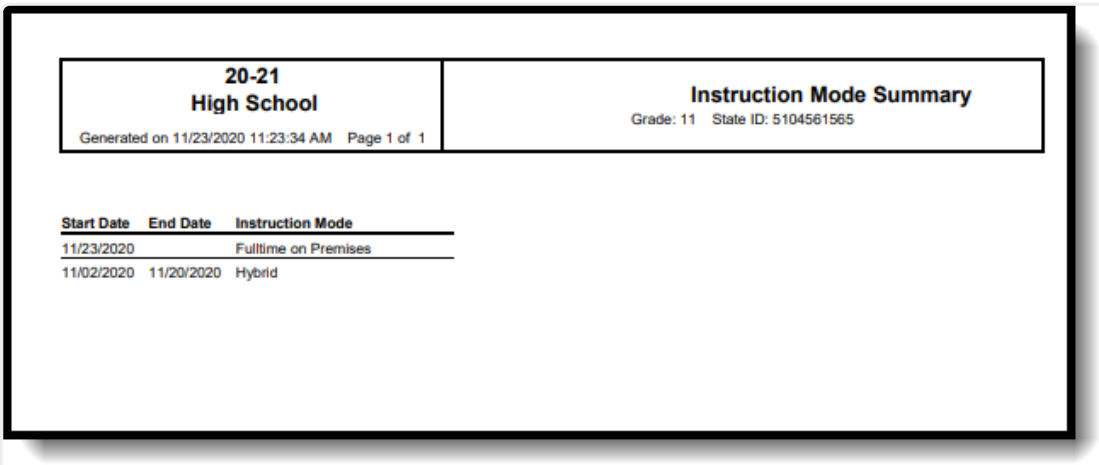

Enter an Instruction Mode record

1. Click the **New** button. An Instruction Mode Detail editor displays.
2. Enter the applicable information for the student.
3. Click the **Save** icon when finished. The saved record displays in the Digital Equity summary.

Use the Federal/State Program Updater to import existing Instruction Mode records for students or to update records for multiple students.

Print summary information

Click the **Print** button to generate a report of Instruction Mode records for the student.
