Tool Search: Instruction Mode

The Instruction Mode tool allows districts to record the learning environment for the student and to track how assignments are being used based on the CARES Act Participation field.

Fields vary by state. Please see your state's [State Tools](#) articles for more information on Instruction Mode procedures in your state.

The screenshot shows the 'Instruction Mode' editor interface. At the top is a green header with the 'Infinite Campus' logo and a search bar. Below the header, the title 'Instruction Mode ☆' is followed by a breadcrumb trail: 'Student Information > State Programs > Instruction Mode'. A toolbar contains icons for 'New', 'Save', 'Delete', and 'Print'. The main content area is divided into two sections. The 'Instruction Mode Summary' section displays a table with columns 'Start Date', 'End Date', and 'Student Learning Environment'. The first row shows '12/08/2020' for the start date and 'Fulltime on Premises' for the learning environment. The 'Instruction Mode Detail' section contains form fields for '*Start Date' (12/08/2020), 'End Date', 'Student Learning Environment' (a dropdown menu showing '1: Fulltime on Premises'), and 'Cares Act Participation' (a text input field with 'Select Values' as a placeholder). At the bottom of the detail section, it says 'Modified By: Administrator, System 12/01/2020 07:57 AM' and 'District Defined Elements'.
