Tool Search: Deposit Reporter

Use the Deposit Reporter to check the status of deposits made into your district's or school's bank accounts. This tool can also be used to calculate the total deposits for each bank for a specific date range.

After payments are processed and settled by the payment platform, the money is disbursed to your district's or school's bank accounts. These disbursements appear as deposits in the Deposit Reporter tool. The deposit amount for a date and bank account should match the amount deposited into your bank account. After payments are settled or after returns and transactions fees are processed by the payment platform, the money is disbursed to your bank account. You may see withdrawals (negative deposit amounts) from bank accounts to cover refunds and fees.

You can see all of the payments from a single deposit by selecting a payment on the Deposit Reporter. Selecting a payment displays the [Deposit Detail panel](#).

- Negative deposits can take 5-7 business days before they have a Deposit State of **Completed** in Campus. Funds from a negative deposit can be withdrawn before the 5-7 days while the deposit has the status of **Processing**.
- **If your district's first deposit is a negative dollar amount, that negative deposit must first complete before any subsequent deposits can complete.**

About the Deposit Process

The deposit process runs daily before 5:45 PM Eastern Time (ET). The deposit job must complete by 6:00 PM Eastern Time (ET); otherwise, the payment platform moves the request date forward one day to ensure the deposit job has enough time to complete.

The deposit process does not run on weekends (Saturday and Sunday) or holidays.

Step	Description
1.	Campus determines your district's account balance. When your district is processing payments, the fees associated with them and any returns/refunds you process are subtracted from your account balance when they occur. So, at the end of each business day Campus calculates the balance then requests a deposit. If your district's account balance is negative, Campus issues a negative deposit.

Step	Description						
2.	<p>After determining the balance, Campus combines transactions with the following statuses into a deposit.</p> <ul style="list-style-type: none"> • Completed • Resolved • Returned • Partial returned • Returnvoid • Transactions with a settled date • Transaction Fees 						
3.	<table border="1"> <thead> <tr> <th>If the deposit is...</th><th>Then...</th></tr> </thead> <tbody> <tr> <td>Successful</td><td>You will see a deposit in your district's bank account. Keep in mind, you may see different deposit dates for one payment reference number since the deposit payment separates transaction line items.</td></tr> <tr> <td>Not Successful</td><td>The deposit is canceled and recalculated the following day.</td></tr> </tbody> </table>	If the deposit is... Keep in mind, you may see different deposit dates for one payment reference number since the deposit payment separates transaction line items.	Not Successful	The deposit is canceled and recalculated the following day.

Not Successful	The deposit is canceled and recalculated the following day.

Tool Search: Deposit Reporter

The Deposit Request Report provides a summary of the Deposit Request for a specific day, week, month, or a date range and is intended to help with bank reconciliation. The report is a PDF file and includes all of the transactions in the Deposit Request, grouped by bank account, and provides a total for the transaction fees and a total for the merchant fees by Fund ID. The Gross Amount, Fees, and Net Amount are provided for each Fund ID at the end of the report.

Deposit Request Report Example

There are three parts to the Deposit Request Report.

- [Part 1 - Summary](#)
- [Part 2 - Deposit Details](#)
- [Part 3 - Fund Totals](#)

Part 1 - Summary

The Summary section of the report displays the bank accounts, request date(s), and amounts. The Daily Deposit Summary displays the date you selected and all other reports display the applicable date range.

- The last four digits of the bank account and Bank Account ID display in the Bank Account column.
- The Total for the Deposit Request displays after the bank information.
- The Grand Total for all bank accounts displays at the bottom of the first page.

Note: The **Grand Total** includes rollover amounts from the previous linked deposit. Before it is included, the rollover amount is rounded to the nearest penny (Adjust In). The excess amount is subtracted (Adjust Out) and applied to the next deposit.

Part 2 - Deposit Details

The Deposit Details include the Fund ID, Fund Description, Fee type, Payer Name, Recipient, Payment Reference Number, and Amount grouped by Bank Account. The Payment Reference Number is useful if you need to manually calculate the payment from which the fee(s) originated and verify the fee allocation. There is a Grand Total at the end of this section.

Part 3 - Fund Totals

The third part of this report displays totals by Fund ID, listed in the Calculated Fund Totals or Actual Fund Totals sections. The Calculated Fund Totals section only includes payments made while the 'Split Transaction and Service Fees' checkbox is not checked and the Actual Fund Totals section will only include payments made while the 'Split Transaction and Service Fees' checkbox is checked.

The Calculated Fund Totals section will display the gross amount by Fund ID, followed by the calculated Transaction Flat Fee and Merchant Fees that belong to each Fund ID.

The Actual Fund Totals section will only display if the 'Split Transaction and Service Fees' checkbox has been enabled within the [Payments Setup Settings](#). This section will display how the Transaction Flat Fee and Merchant Fees were actually split by Fund ID. The Service Fee column will also display along the top of the section since it is no longer being separated into its own Fund ID. Once enabled, the Calculated Fund Totals section will only display if there are non-split transactions included within the report.
