[Creating Academic Programs](#) | [Academic Program Detail](#)

Tool Search: Academic Programs

Academic Programs require setup at both the Administrator and Student levels.

Creating Academic Programs

At the administrative level, Academic Programs can be created for a particular school, all schools, or a particular set of students (based on their cohort year). Any number of programs can be created. The **State Award Code** field is specific to **Nevada**. For information on all other fields, please see the [Academic and Graduation Programs: Getting Started](#) article.

Academic Program Detail

Modifying an Academic Program (Cohort Start Year, Cohort End Year, Active, or School) after students have been assigned may affect students' participation in the program.

Field	Description	Ad hoc Inquiry Database
-------	-------------	-------------------------

Field	Description	Ad hoc Inquiry Database
State Award Code	<p>The State Award Code field displays only if the selected CTE program is tied to a specific State Award Code.</p> <p>If a State Award Code is not selected for the CTE Program, the State Award Code is not visible for Academic Programs at the student level.</p>	<p>Student > Learner > Programs/Flags > Academic Program > cteCredentialCode</p> <p>spProgramCte.cteCredentialCode</p>

Academic Program Detail

The [Programs](#) tool allows students to be added to Academic Programs. Below are the fields specific to **Nevada**.

The screenshot shows the 'Academic Program Detail Editor' interface. At the top, there's a header with 'Programs' and a star icon, and a breadcrumb trail: 'Student Information > Academic Planning > Programs'. Below this, a student profile is shown: 'Student, Mary', 'Student #: 12345', 'Grade: 11', 'DOB: 01/01/2009'. There are buttons for 'Save', 'New Graduation Program', and 'New Academic Program'. The main area is divided into three sections: 'Academic Plan Editor' (with a table for Program, Start Date, End Date, Program Type, Flag), 'Academic Program Detail' (with fields for Program, State Award Code, Start Date, End Date, Student Status, Non-Traditional Participation, and Teaching Method), and 'Academic Program - Certifications' (with a table for Name, Attempted, Passed, Date, and an 'Add Certification' button). The bottom of the interface has a label 'Programs-Academic Programs'.

Academic Program Detail Editor Fields

The following defines the available fields on the **Academic Program Detail Editor**.

Field	Description	Ad hoc Inquiry Database
Program Required (Reports in NV ALP Credit Report)	<p>Selection indicates the graduation program assigned to the student. Only those programs that are marked active and whose Cohort Years fields are empty or cover the student's NCLB Cohort Year fields are included in this.</p> <p>If the student is assigned to a program that has since been marked as inactive, that program is displayed in red text at the end of the Program list.</p>	<p>Student > Learner > Programs/Flags > Academic Program > name</p> <p>spProgramCte.name</p>
State Award Code	<p>The State Award Code displays only if the selected CTE program is tied to a specific State Award Code. This is done at the Admin level. This field cannot be edited at the student level.</p>	<p>Student > Learner > Programs/Flags > Academic Program > cteCredentialCode</p> <p>Program.cteCredentialCode</p>
Start Date Required	<p>Date the student began working towards achievement in the program. Dates are entered in <i>mmddyy</i> format or the calendar icon can be selected to choose a date.</p>	<p>Student > Learner > Programs/Flags > Academic Program > startDate</p> <p>spProgramCte.startDate</p>
End Date	<p>Date the student stopped working towards achievement in the program. Dates are entered in <i>mmddyy</i> format, or the calendar icon can be selected to choose a date.</p>	<p>Student > Learner > Programs/Flags > Academic Program > endDate</p> <p>spProgramCte.endDate</p>
Student Status	<p>Participation level of the student:</p> <ul style="list-style-type: none"> • 1: Participant • 2: Concentrator • 3: Completer 	<p>Student > Learner > Programs/Flags > Academic Program > CTESStudentStatus</p> <p>spProgramCte.CTESStudentStatus</p>

Field	Description	Ad hoc Inquiry Database
Non-Traditional Participation	Indicates the student is participating in a program that is often outside of the norms of the program's general makeup, based on gender, race, or age. An example is a male student enrolled in a program that is often dominated by females in the workforce (daycare, nursing, etc.). This is not a required selection, but it does help with data analysis.	Student > Learner > Programs/Flags > Academic Program > nonTraditionalParticipation spProgramCte.nonTraditionalParticipation
Teaching Method	How the student is instructed, or how the student learns the necessary items involved in the program.	Student > Learner > Programs/Flags > Academic Program > learning type spProgramCte.learningType
Flag	If the Academic Program is marked as Flagged and assigned a Flag Image, an image displays in this column and next to the student's name. If there is no flag assigned, nothing displays in this column.	

Academic Program - Certifications Fields

Field	Description	Ad hoc Inquiry Database
Name	Indicates the certificate the student either attempted to earn or earned by passing upon completing the program.	Student > Learner > Programs/Flags > Academic Program > certificationName spProgramCte.certificationName
Attempted	Indicates the student took the necessary assessment for the program, but did not earn the certification.	Student > Learner > Programs/Flags > Academic Program > attempted spProgramCte.attempted
Passed	Indicates that the student has passed the necessary assessment for the program and earned certification.	Student > Learner > Programs/Flags > Academic Program > passed spProgramCte.passed

Field	Description	Ad hoc Inquiry Database
Date	Date the student attempted and/or passed the assessment.	Student > Learner > Programs/Flags > Academic Program > certificationDate spProgramCte.certificationDate
