Technical Information

See the Technical Information - Release Pack Campus.2112 (https://kb.infinitecampus.com/help/technical-information-release-pack-campus2112) article for a list of schema changes in this release.

Academic Programs

Academic Planning–Prerequisite or Concurrent Planning Rule Update (SIS-144950)

If a course was assigned the *Prerequisite or Concurrent* Planning Rule, and a value was entered in

the Min GPA field for the rule, an alert would display in the Course Plan when the user attempted to add the *concurrent* course identified in the rule. This has been fixed.

Activity Registration

Activity Registration Updates (SIS-145013) **[Enhancement]**

The following updates were made for Campus Parent and Campus Student portal users.

- In the Portal under Activity Registration, users could see registration records that were created via the Roster screen when they had not been marked as paid. This issue was corrected.
- If a student had more than one guardian, only the guardian that filled out/signed an Activity Registration form could open the form. This was corrected and now the student and all guardians can open and view (in read only mode) the Activity Registration forms after they are filled out.

Ad hoc Reporting

Ad hoc Filter Designer - Homeroom Teacher, Date and Time (SIS-120869)

The student homeroom teacher field in the Filter Designer (student.homeroomTeacher) now looks at the date and time to report the student's homeroom teacher through the end of the day (11:59pm). Previously, this field was using just the date.

Article(s): Query Wizard

Path: Ad hoc Reporting > Filter Designer > Query Wizard

Ad Hoc Custom Date Fields Update (SIS-142737)

Some custom date fields were previously not reporting data correctly for Ad Hoc reporting. This issue has been corrected.

Article(s): N/A

Attendance

Virtual Attendance Posting Job Performance (SIS-143744)

The posting job used for Virtual Attendance has been optimized for performance.

Article(s): Virtual Attendance Preferences

Path: System Administration > Attendance > Virtual Attendance Preferences

Blended Learning

Student Information Blended Learning Group Assignments (SIS-144511) **[Enhancement]**

A new Blended Learning Group Assignments tool is available in Student Information. This new tool provides a visual list of the student's membership in Blended Learning Groups, including current group membership and previous group membership. Users can also print a report of a student's Blended Learning Group Assignments.

At this time, this tool is read only. Any changes to Blended Learning Groups need to be made using the Blended Learning Group tools or modifying the assignment on the student Attendance tool.

Campus Instruction

Course Recommendations - Show Active Students Only Preference (SIS-122773)

Previously, the Course Recommendations tool displayed inactive students even if the Show Active Students Only account preference was set. This has been corrected.

Article(s): Course Recommendations

Path: Instruction > Course Recommendations

Post Grades - Canned Comments (SIS-130171)

Previously, canned comments over 99 characters did not display properly aligned in the Post Grades tool. This has been corrected.

Article(s): Post Grades

Path: Instruction > Post Grades

Duplicate - Assignments & Resources (SIS-144501)

A option has been added that allows teacher to duplicate individual assignments. This option is also available for resources for teachers who have Campus Learning and the Enhanced Curriculum tool right.

To duplicate an assignment, click the arrow next to the Edit button and select Duplicate. This process opens a copy that matches the existing assignment with the words "Copy of" added to the title. Teachers can then modify the assignment as desired and click Save when finished.

Article(s): Duplicate

Path: From an assignment, click the arrow next to the Edit button and select Duplicate

Assignments Updates (SIS-143996) **[Enhancement]**

The following updates have been made to assignments:

- Resolved an error some teachers encountered when selecting a Google Drive File with the file option set to Copy.
- Added Sequence to the assignment summary that displays in the grading tool tip in the Copier and Edit mode.
- Assignments in aligned to more than one section have been updated so that if a user clicks the name of another section in the Other Sections area, it opens the assignment in the context of that section, as shown in the breadcrumbs at the top of the assignment.

Campus Learning

New - Engagement Check-In (SIS-143558) **[Enhancement]**

A new tool has been added to the Control Center called Engagement Check-In. This tool allows teachers to send their students check-ins through Campus Student, which can measure their well-being and engagement in class and with curriculum.

To access the tool, click the smiley face icon in the Control Center. Teachers then choose which question(s) to ask students from a provided set of questions, who respond through the Campus Student app. Teachers can then view and filter responses.

An administrator version of the tool has also been added to System Administration > Campus Learning which allows users with rights to view check-ins for all sections in the selected calendar.

Note: The new look of the Control Center must be enabled to use this tool. This tool is only available in districts with a Campus Learning license.

Census

Tool Rights for Student State ID, Staff State ID (SIS-130818) **[Enhancement]**

A new Student State ID tool right and a new Staff State ID tool right is now available. Previously, the ability to modify a state ID, whether for staff or students, was tied to the State ID tool right.

Conversion was done to assign any user who was previously assigned tool rights to the State ID tool right the same rights to both the Student State ID tool right and the Staff State ID tool right.

When users have these rights assigned, the IDs can be included in Ad hoc Reports.

Full access to these tool rights require Read, Write and Add rights. Delete rights are not necessary.

See the article below for additional details.

Article(s): Census Tool Rights; Demographics

Path: System Administration > User Security > Users/Users Groups > Tool Rights

Mailing Labels Report (SIS-135488) **[Enhancement]**

The Mailing Labels Report interface has been modified for a new look and added functionality that includes the following options:

- Save Options. This option saves the options selected in the report editor as a template for ease in generating the report using the same options selected the next time.
- Apply Options. This applies any modified selections on the report interface to the selected saved templates, available in the side panel.

Mailing Labels can still be generated for students, guardians, teachers, or staff, and templates can be saved for each.

See the article below for detailed information on these changes.

Custom

Custom Tool Placement Editor Incorrectly Renaming Default Category (SIS-143621)

Creating a new category item in the Custom Tool Placement Editor was incorrectly replacing the default category for custom Tool Mappings within the tool. This issue was corrected.

Article(s): Custom Tool Placement Editor

Path: System Administration > Custom > Custom Tool Placement Editor

Ed-Fi

Ed-Fi Error Log Update and Bug Fixes (SIS-137895)

The Ed-Fi Error Log has been updated to delete errors after 6 months.

The following bug fixes have been made:

- The last resource in the Resource Preferences configuration area in Chrome was not showing.
- The Campus Identifiers in the Ed-Fi Data tool would sometimes be in the incorrect record when comparing data.

Article(s): Error Log (Ed-Fi)

E-Signature Now Optional for Online Applications (SIS-143023) **[Enhancement]**

Districts are no longer required to use the E-Signature functionality in order to use online meal benefit applications. As a result of this change, the "Meal Benefits" Online Application Preference can be selected without activating E-Signatures on the portal.

If you choose not to activate E-Signature functionality, keep the following items in mind.

- It is ultimately the responsibility of each CNP SA (Child Nutrition Program State Agency) and local agency to review their state's statutes and policies regarding what is required for the electronic transfer of information in state-administered Federal programs. Know the requirements prior to activating or deactivating E-Signature.
- The standard application instructions (found in FRAM > Letter Editor > Online Application Instructions) lists information on PIN use in several places. If you are turning off or not using E-Signatures, update the instructions to remove reference to the PIN requirements.
- There is language in the Terms of Use section of the E-Signature which mentions the electronic signature. Consider moving the information from this section to the Authorization Statement section of the Application Instructions if you are not using E-signature.

Messenger

Messenger Settings (Email, Voice/Text)– Messenger Maintenance Task Updated (SIS-134016)

In the process of identifying and correcting an issue that prevented the Messenger Maintenance Scheduled Task from deleting expired messages, an enhancement was made to the Messenger Maintenance tool. Previously, if a district had set the Message Expiration field (located in Messenger Settings) to anything other than ‘Never,’ the scheduled task would run each night and permanently delete expired messages it found. With the enhancement, the task will continue to run each night identifying expired messages but will not delete them until the weekend – a time when system activity is low.

It is recommended to review your district's Message Expiration field in Messenger Settings. Consider the following Infinite Campus recommendations before making a selection.

- Unless necessary, refrain from using the 'Never' option. Future messenger performance may be impacted as messages accumulate to high levels over time.
- Select an expiration date time frame that considers instances where proof of contact may be needed (Ex: court).

Path: System Administration > Messenger > Messenger Preferences > Message Settings > Message Expiration

Messenger (Email)– Message body delivers blank when the message body was a copy/paste from another message (SIS-145018)

When a message was sent and the information contained in the message body was a copy/paste from another Campus messenger tool, the recipient received a blank message. This issue has been fixed.

Online Payments

Announcing New Payment Platform (SIS-144811) **[Enhancement]**

With this release of Campus Payments, districts can begin migrating to our new payment platform. Campus is using a new payment platform in order to provide districts with a better user experience. After migrating, you do not have to call a third-party for support. Instead, you can call Campus Support. The new payment platform eliminates problems with syncing two different systems. Everything you need to do is now within Infinite Campus.

To begin the migration process, use the Payments Migration Checklist and review the Frequently Asked Questions.

Scheduling

Requests Satisfied Report (SIS-110334)

The Requests Satisfied Report has been updated for the following:

- The Report Editor has been reorganized for organization purposes.
- Students can now be selected for inclusion in the report by choosing All Students, a Filter, or manually selecting students.
    - When selecting All Students, No Show students can also be included when the Include Students Marked as No Show is marked. This is the only option that allows No Show students to be included in the report.
    - When selecting a Filter, students can be selected by Grade Level, by an Ad hoc Filter, or by a Scheduling Group/Team.

  - Report only 1 record per staff per school per school year when multiple District Assignment records exist with the same JobFunction/OtherCodeList/OtherCode (Title standard code).
  - If more than 1 District Assignment exists for the same JobFunction/OtherCodeList/OtherCode (Title standard code) within the reported school year, report the earliest start date and the oldest end date from all assignments.
    - Assignments should be combined based on the Standard Code being the same.
- JobFTE
  - Report the value of the FTE of Assignment for the staff where the assignment was active at any point during the reporting period.
    - Report October 1 FTE Override value if this field is populated and the reporting date is 10/01.

        - Report FTE EOY if this field is populated and the reporting date is in the month of June.

Oklahoma – SIF StudentDailyAttendance Missing Delete Events (SIS-141974)

The StudentDailyAttendance object was updated as follows:

- When a change is made to a student's attendance code in any period in a day < current date, a Delete SIF_Event must be provided.
- A SIF Delete_Event must be provided when a student's period attendance is assigned an attendance code with Status = "Absent" and Excuse NOT = "Exempt", and this period

attendance is changed to an attendance code where
  - Status = "Absent", and Excuse = "Exempt"
  - OR
  - Status NOT = Absent
- An issue to the SIF Quartz job for that is set to run at 3am each morning was fixed.

Oklahoma - SIF StudentDailyAttendance Object Reporting Students in Blended Learning Programs Incorrectly (SIS-143956)

Students in blended learning programs were incorrectly reporting unintended and duplicate SIF StudentDailyAttendance records. To correct this issue, logic for this object has been updated as follows:

- A StudentDailyAttendance record must only be reported for the student's enrolled days.
  - When the student is not enrolled on the day, they must not report a StudentDailyAttendance record.
  - When the student is not rostered on the day, they must not report a StudentDailyAttendance record.

Pennsylvania - Location Code Override (SIS-144104)

A new Location Code Override field has been added to the State Reporting Enrollment editor. This field is used to report the School Number where the student receives services/education.

The following PIMS extracts have been modified to report the Location Code FIRST from this new field. If that field is not populated, the Alt School Number or State School Number report.

- PIMS Programs Fact Template
- PIMS School Enrollment Template
- PIMS Special Education Snapshot Template
- PIMS Student Course Enrollment Template
- PIMS Student Template
- PIMS Student Snapshot Template

The PIMS CTE Student Fact and PIMS CTE Student Industry Credential report CIP Location Code and Student Location Code FIRST from the new Location Code Override field, then from the School field on the student's CTE record. If those fields are not populated, the Alt School Number reports.
