## Important Information About this Tool

- Secondary Activity Owners only have a read-only view of the activity to which they are assigned unless they are the creator of the proposed activity. The Remove and Recall buttons will not display for them even if they are given the Delete tool right.
- When a Primary Owner is not the person who created the activity and changes the Primary Owner to another person, they will not have access to the activity after they save their changes.
- When a Primary Owner is not the person who created the activity and adds themselves as the Activity Owner (Secondary), they will only have read-only access to the activity after they save their changes.
- Activities that are **In Review** cannot be edited.
- Declined activities appear in the **Previous** area with the status **Declined** and comments from the reviewer.
- Returned activities appear in the **Proposed** area, can be edited, and can be re-submitted for approval.

## View Activities

The initial view provided by the Activity Dashboard is a summary view of all Current activities. However, you can view other activities by using the following options.

## Create and Submit an Activity Proposal

You must have Add rights for the Activity Dashboard to complete these steps.

- [Step 1. Create Activity](#)
- [Step 2. Build Roster](#)
- [Step 3. Form Selection](#)
- [Step 4. Portal Information](#)
- [Step 5. Finish](#)

### Step 1. Create Activity

The first step is to define parameters for the activity. To add an activity, click the **New** button in the action bar.

▶ [Click here to expand...](#)

Use the following field descriptions to complete the Create Activity screen.

Field	Description
<b>Activity Name</b>	<p>A name for the activity you are creating. <i>This is a required field.</i></p> <p>The Activity Name can be changed until registration is closed. If you have already associated a Product with this activity and the product has the same name, Campus gives you the option to change the product name too.</p> <p>Please note that if you change the Activity Name, any completed purchases/registrations that exist when you change the name will still use the original name (name at the time the purchase was made) in School Store reports.</p>
<b>Type</b>	<p>The activity Type is provided by Campus. Options include the following:</p> <ul style="list-style-type: none"> <li>• Activity</li> <li>• Athletics</li> <li>• Field Trip</li> </ul> <p><i>This is a required field.</i></p>

Field	Description
<b>Activity Level</b>	Activity Levels are another way to identify different kinds of activities. This field only displays in if you have added Activity Levels in the <a href="#">Attribute Dictionary</a> and is optional unless the <b>Required</b> checkbox is also marked in the Attribute Dictionary.
<b>International</b>	The <b>International</b> checkbox only displays when the activity <b>Type</b> is <i>Field Trip</i> . If your district uses the <a href="#">Preapproval process</a> , marking this checkbox ensures Campus routes your activity request to the correct approver(s).
<b>Status</b>	The Activity status. This is a read-only field.
<b>School(s)</b>	The school(s) to which you can associate the Activity. Only schools to which you have tool rights display. <i>This is a required field.</i>
<b>Activity Owners (Primary)</b>	<p>The primary person(s) responsible for the Activity. To appear in this field, the person must have an active assignment in the selected school and</p> <ul style="list-style-type: none"> <li>• the <b>Activity Staff</b> checkbox marked on their <a href="#">District Assignment</a></li> <li>OR</li> <li>• be assigned the <b>Activity Staff</b> role on their <a href="#">Work Assignment</a> (HR Only).</li> </ul> <p>You may select more than one person in the field.</p> <div style="background-color: #e1f5fe; padding: 10px; margin: 10px 0;"> <p>For access to attendance and messaging options, the person must also have <b>Teacher</b> marked on their District Assignment or be assigned the <b>Teacher</b> role on their Work Assignment (HR Only).</p> </div> <div style="background-color: #fff9c4; padding: 10px; margin: 10px 0;"> <p>When a Primary Owner is not the person who created the activity and changes the Primary Owner to another person, they will not have access to the activity after they save their changes.</p> <p>When a Primary Owner is not the person who created the activity and adds themselves as the Activity Owner (Secondary), they will only have read-only access to the activity after they save their changes.</p> </div> <p><i>This is a required field.</i></p>

Field	Description
<b>Activity Owners (Secondary)</b>	<p>The secondary person(s) responsible for the Activity.</p> <p>To appear in this field, the person must have an active assignment in the selected school and</p> <ul style="list-style-type: none"> <li>the <b>Activity Staff</b> checkbox marked on their <a href="#">District Assignment</a></li> <li>OR</li> <li>be assigned the <b>Activity Staff</b> role on their <a href="#">Work Assignment</a> (HR Only).</li> </ul> <p>You may select more than one person in the field.</p> <div style="background-color: #e1f5fe; padding: 10px; margin: 10px 0;"> <p>For access to attendance and messaging options, the person must also have <b>Teacher</b> marked on their District Assignment or be assigned the <b>Teacher</b> role on their Work Assignment (HR Only).</p> </div> <p>Secondary Activity Owners only have a read-only view of the activity to which they are assigned unless they are also the creator of the proposed activity. Secondary owners on an activity do not have the <b>Remove</b> button for delete/cancel functions even if the Delete tool right is assigned.</p>
<b>Registration Open Date</b>	The first day on which the Activity displays in the School Store and people can register for the Activity. The date must be prior to the Activity Start Date and Registration Close Date. <i>This is a required field.</i>
<b>Registration Close Date</b>	The last day on which the Activity displays in the School Store. The date must be after the Registration Open Date and prior or equal to the Activity End Date. If you do not enter a date, Campus automatically uses the Activity End Date.
<b>Activity Start Date</b>	The date on which the Activity begins. The date cannot be prior to the Registration Open Date or after the Activity End Date. <i>This is a required field.</i>
<b>Activity End Date</b>	The date on which the Activity ends. The date cannot be prior to the Activity Start Date or Registration Close Date. <i>This is a required field.</i>

<b>School(s)</b>	This field displays the school(s) that were selected in Step 1 - Create Activity.
<b>Description of group to be created</b>	A description of the eligible participants.
<b>Ad Hoc Filter</b>	The Ad Hoc filter for selecting eligible students. Campus only allows students who are included in the Ad Hoc filter to register for the activity. If you do <b>not</b> have rights to Ad Hoc, this field does not display.
<b>Preview</b>	Click this button to preview roster information in a side panel. The panel displays an estimate of the total number of students listed by school then provides the student's names. If a student has multiple enrollments and Campus cannot identify the primary enrollment, an asterisk (*) displays behind the student's name.  If you do not have access to ad hoc or to the ad hoc filter that is assigned to the activity by a reviewer, the <b>Preview</b> button does not display.

## Step 3. Form Selection

Adding a form is optional.

Select the appropriate forms for registration and indicate whether the form is considered required. Forms must be active during the full registration period to be selected.

Once a form has been assigned out, it can no longer be edited for the Activity.

## Recall a Proposed Activity

After you submit a proposed activity for approval, the activity is in a **Pending** status until the review begins. While it is Pending, you can **Edit** the activity or **Recall** the activity. When you Recall a proposed activity, you can delete the activity or rescind your request. When you rescind your

request, the activity status returns to **Draft - Proposal** and you can make any necessary changes before re-submitting the activity for approval. Recalling an activity removes the activity from the [Activity Monitor Proposed](#) screen.

Remove and Recall buttons do not display for Secondary Activity owners even if they are given the Delete tool right.

1. Click **Recall**.

**Result**

The **Recall Details** panel displays.

2. Select **Delete** to permanently delete the proposed activity or select **Rescind Request** to recall the proposed activity.
3. Click **Remove**.

**Result**

If you selected **Delete**, Campus permanently deleted the activity. If you selected **Rescind Request**, Campus returned the activity to **Draft - Proposal** status and you can make any necessary changes.

## Edit an Activity

You can edit an activity if it is in one of the following statuses: **Draft - Proposal**, **Pending**, **Returned**, **Ready**, **Active - Registration Closed**, or **Registration Open**. To edit an activity,

click the **Edit** button. Depending on the filter you are using; i.e., Current, Upcoming, or Proposed, the Activity Builder or the Activity Proposal screens will display and you can make any necessary changes.

Comments are available if a proposed activity is **Returned** (or **Declined**) and may help you edit your activity.

## Copy an Activity

To save time, click the **Copy** button to copy an existing activity and create a new Activity Proposal. After you click **Copy**, Campus displays the Activity Proposal tool in copy mode. See the [Create and Submit an Activity Proposal](#) topic (above) for details about each step in the Activity Proposal tool.

When you copy an activity, Campus creates a new Activity Proposal by duplicating most of the information from the existing activity.

- Registration and Activity dates are not copied.
- Campus verifies Activity Owners, Ad Hoc filters and Custom Forms are still active and requires you to update that information if necessary.
- You cannot copy an activity if its Status is one of the following: Draft, In Review, Returned, Declined, Cancelled, or any state of Preapproval.
- You must have **Add** rights for the Activity Dashboard to copy an activity.
- Once you start the Copy process, progress is not saved. So, do not stop until you have finished.

- You can **NOT** finish copying an activity if your activity requires preapproval. See the [Submit an Activity Request for Preapproval](#) topic for more information.

## Tool Rights

Tool	Read	Write	Add	Delete
<b>Activity Dashboard</b>	Users can view any activities they submit or view activities for which they are listed as the activity owner.	Users may edit proposed activities.	Users may submit proposals for new activities and copy existing activities.	Users can remove activities that are in the Ready (Upcoming) or Draft - Proposal (Proposed) status or recall proposed activities after they are sent for approval.
Secondary Activity Owners will have a read-only view of the activity to which they are assigned unless they are the creator of the proposed activity. The Remove and Recall buttons will not display for them even if they are given the Delete tool right.
