Calendar Wizard - Start here

Last Modified on 06/16/2026 9:24 am CDT

The Calendar Wizard provides the ability to quickly create new calendars from scratch (blank calendars), to create new calendars from previous calendars (rolling forward), and to copy information into existing calendars.

Getting started

- Understand available calendar modes
- What calendar option do I choose?

How-to guides

- Create new blank calendars
- Create new calendars by rolling forward
- Create new calendars by copying data into existing calendars
