[General Graduation Information](#) | [State Reporting Graduation Fields](#) | [State Seal Information](#)

Tool Search: Graduation

The Graduation tool provides districts with the ability to track graduation information used in state reporting, AYP (Average Yearly Progress) determinations and on-target diploma information. Districts can track when a student first entered ninth grade and calculate their expected graduation date.

See the core [Graduation](#) article for additional information. State-specific fields on the Graduation tool are used only for district-tracking purposes and are NOT used in state reporting.
