## Tool Search: Grading Tasks

Grading Tasks are items to which teachers post grades for report cards, transcripts, midterms and/or eligibility reports. Examples of grading tasks include quarter grade, mid-term progress grade and semester grade. If the school is on trimester terms, the grading tasks might be trimester grade or final grade.

See the core [Grading Task Setup](#) article for additional information related to Grading Tasks.

## Grading Task Detail Editor

In order to post grades and to include grading tasks on state reports, the State Reported checkbox must be marked. **Only one Grading Task per course should be flagged as State Reported to report the student's final grade earned.**

*Grading Task Detail Editor*

## State Reported

When marked, indicates the grading task is reported to the department of education and used in state reports.

## Course Grading Tasks

The Course Grading Tasks tool lists the grading items the teachers must score as part of the grading process. These tasks include mid-term grades, quarter grades, semester grades, etc.

**Course Grading Task Detail**

## Score Group

The Score Group determines the points and/or letter grades that will be used when scoring the grading task.

This field **MUST** contain a value.

[▶ Click here to expand...](#)

## Credit

Indicates how much course credit the student receives towards graduation. This field reports on the Student Course Enrollment extract as Credits Offered.

- When the student's grade is posted to the Transcript, this field reports the total of all credits attempted from the Transcript if the record is the most recent roster record with a grade posted to the Transcript and an Attempted credits value entered.
- When the student's grade is entered on a Grading Task flagged as State Reported and is NOT posted to the Transcript, this field reports the sum of all possible credits for the section from all grading tasks present on the Course Master or Course.

## Student Grades

Once a teacher posts grades for the term, the score the student received is visible on the Student Grades tool, and if that Grading Task is marked as Post to Transcript, the score can also be found on the Student Transcript.
