Tool Search: Grading Tasks

Grading Tasks are items to which teachers post grades for report cards, transcripts, midterms and/or eligibility reports. Examples of grading tasks include quarter grade, mid-term progress grade and semester grade. If the school is on trimester terms, the grading tasks might be trimester grade or final grade.

See the core [Grading Task Setup](#) article for additional information related to Grading Tasks.

Grading Task Detail Editor

In order to post grades and to include grading tasks on state reports, the State Reported checkbox must be marked. **Only one Grading Task per course should be flagged as State Reported to report the student's final grade earned.**

Course Grading Tasks

The Course Grading Tasks tool lists the grading items the teachers must score as part of the grading process. These tasks include mid-term grades, quarter grades, semester grades, etc.

Score Group

The Score Group determines the points and/or letter grades that will be used when scoring the grading task.

This field **MUST** contain a value.

Credit

Indicates how much course credit the student receives towards graduation. This field reports on the Student Course Enrollment extract as Credits Offered.

- When the student's grade is posted to the Transcript, this field reports the total of all credits attempted from the Transcript if the record is the most recent roster record with a grade posted to the Transcript and an Attempted credits value entered.
- When the student's grade is entered on a Grading Task flagged as State Reported and is NOT posted to the Transcript, this field reports the sum of all possible credits for the section from all grading tasks present on the Course Master or Course.
