Course Information and Section Information (Michigan)

Last Modified on 09/21/2026 10:24 am CDT

Path: Scheduling & Courses > Courses > Course Information

The Course Information tool contains all the important details about a course, such as Course Name and Number, how the course is structured (4 terms, 2 schedules, etc.), information about standards and GPA, data that may be included in state reports, and any district-specific fields that may be localized.

The information below defines the **Michigan**-specific fields to help guide data entry. See the core Course Information article for additional information

Use these Michigan-specific fields to configure course attributes required for state reporting.

Course Information State Defined field descriptions

Course/Section Information data may be reported in the MSDS Teacher Student Data Link extract and/or Sections Ed-Fi resource.

Field	Description	Location
Ed-Fi Term Descriptor Override	This field determines whether the course is eligible to be mapped to a different Sessions resource in Ed-Fi than the one referenced by the Section Schedule Placement.	**Database:** Course.edFiTermType **Ad hoc Reporting:** Student Data Type: Student > Learner > Schedule > Course/Section > edFiTermType Course/Section Data Type: Course > Course Information > edFiTermType

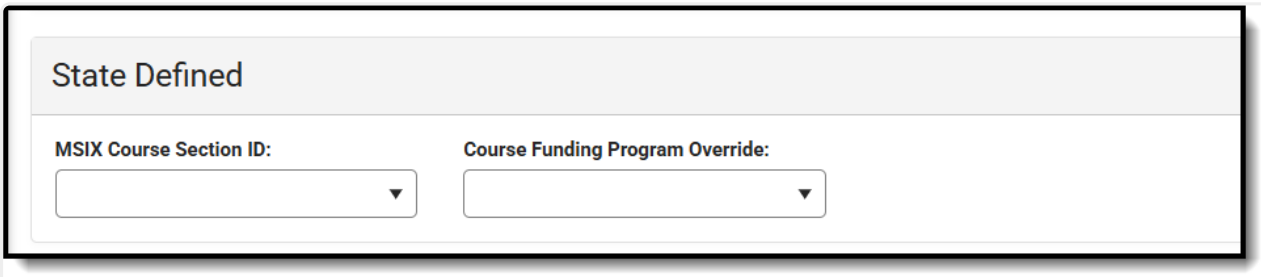

Field	Description	Location
Type	Type of course. • E: Elective • R: Required	**Database Location:** courseInfo.type **Ad hoc Inquiries:** Course > Course Information > type
Course Funding Program	A program through which a course is funded. • 01: Section 23a Dropout Recovery • 02: English Learner	**Database Location:** courseInfo.programType **Ad hoc Inquiries:** Course > Course Information > programType
MSIX Course Section ID	Indicates the duration and sequence of a course taken by a migrant student: • 01: Full Year • 02: Section A • 03: Section B	**Database Location:** course.msixCode **Ad hoc Inquiries:** N/A
Virtual Method	Indicates if the course is taught through virtual methods such as online learning. • OC: Online Course • BL: Blended Learning • DL: Digital Learning	**Database Location:** courseInfo.distanceCode **Ad hoc Inquiries:** Course > Course Information > distanceCode
Honors	The level of academic rigor and specialized curriculum framework being delivered in the course.	**Database Location:** courseInfo.academicLevel **Ad Hoc Inquiries:** Course > Course Information > academicLevel

Section Information

Path: Scheduling & Courses > Courses > Section Information

The Section Information tool provides details specific to the course section, including the assigned primary teacher, the section's location, the term and period it meets, and the number of students enrolled. Scheduling staff, principals, counselors, and others can use the tools available in this view to manage course section information, including entering grades, creating rosters, and recording attendance. The information below outlines the **Michigan**-defined fields in this tool. See

the core Section Information article for additional information.

Use these Michigan-specific fields to enter course section and funding program reporting values.

Section Information State Defined field descriptions

Course/Section Information data may be reported in the MSDS Teacher Student Data Link extract and/or Sections Ed-Fi resource.

Field	Description	Location
MSIX Course Section ID	Indicates the duration and sequence of a course taken by a migrant student: • 01: Full Year • 02: Section A • 03: Section B	**Database Location:** section.msixCode **Ad hoc Inquiries:** N/A
Course Funding Program Override	Used to flag specific course sections that are funded by specialized, categorical state programs rather than standard foundation allowances: • 01: Section 23a Dropout Recovery • 02: English Learner	**Database Location:** sectionInfo.programTypeOverride **Ad Hoc Inquiries:** Course > Section Information > programTypeOverride
