Tool Search: Early Childhood

The Early Childhood tool allows districts to record a student's participation in several early learning/head start programs, like the Great Start Readiness Program, the GSRP/Head Start Blend, and/or Sec. 32p Early Childhood Block Grant/Great Parent Great Start Program.

Participation in early childhood programs is available for all students from birth through third grade, using the federal guidelines. A student may have multiple active records at any given time.

See the core [Early Learning](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Early Learning records.
