EL Tab

Tool Search: English Learners (EL)

The English Learners (EL) tools allow schools and districts to manage student EL programs, assessments, services, and accommodations. The EL tab provides a central location for managing EL information such as the date the student was identified as EL, when the student entered/exited an EL program, when the student is expected to leave an EL program and First Year/Second Year Monitoring data. For students who exited and/or re-entered an EL program, an historical record is kept and displayed on the tab which can be viewed in both State and District Editions of Infinite Campus.

# EL Tab

Some fields in the EL tab are specific to your state. All other fields in the EL tab do not require unique, state-specific data. However, many of these fields are required and data entry in these fields is necessary. For more information on these fields, see the English Learners (EL) article.

# RAEL Fields

A Recently Arrived English Learner (RAEL) is a K-12 student who has been identified as an English learner in Minnesota and who has been enrolled in a school in one of the 50 states in the United States or the District of Columbia for less than 12 months at the time of testing. A student can only be identified as an RAEL one time and reported by ***June 1***.

## RAEL Identified Date

Use this field to enter the date on which the student was identified as RAEL.
