

Public Store

Last Modified on 06/18/2025 1:00 pm CDT

Important Information About the Public Store | Quick Start

The Public Store is a place where anyone can shop for goods or services from your district. You might want to create a Public Store to sell spiritwear, tickets to events, or items for booster club fundraising.

Important Information About the Public Store

- The <u>Orders Report</u> does NOT include Public Store purchases. However, the <u>Pick List</u> and <u>Sales</u> report do include Public Store purchases.
- Items that cost \$0 cannot be purchased through the Public Store.
- Product and Item limits do not apply in the Public Store. To work around this limitation, set up separate product(s).
- Customers who log in with their Campus Parent or Campus Student credentials cannot shop in the Public Store. The School Store in Campus Parent or Campus Student displays for them instead. However, they can shop for Public Store products in other School Stores by clicking the **More Schools** button at the bottom of the School Store.

 Public Store customers can create a user account before they make purchases on the Public Store. If you select the **Require User Account** option on the Settings tool, customers are **required** to create a user account before making a purchase. When an account has been created, a confirmation email will be sent to the user's email.

When someone creates an account, their name and email address are saved in Campus in the <u>Demographics</u> tool and Campus assigns the *Public Store* Homepage to their <u>user account</u>. Public Store customers can review their payment methods and purchase history after they log in.

- If an email address is not confirmed or the customer is not logged in, they will be required to pass a CAPTCHA.
