The BIE Consolidated Report Card and Individual School Report Card provide information related to the requirements of the BIE's Standards Assessments and Accountability System (SAAS). To gauge individual school student performance levels and BIE student performance levels overall, this report measures the following academic and accountability indicators:

- **Academic Achievement** - Proficiency on statewide Math and English Language Arts (ELA) Assessments
- **Other Academic Indicator** - Proficiency on statewide Science Assessment
- **English Learner Progress** - Only applies to schools with 10 or more English Learners
- **Four-Year Cohort Graduation Rate**
- **SQSS (School Quality or Student Success) Chronic Absenteeism**

Information from the BIE Consolidated Report Card will assist the BIE in creating a roadmap for school improvement and in supporting the lowest-performing schools.

This report is only available in NASIS State Edition sites.
