## Tool Search: Test Accommodations

The Test Accommodations tool allows districts to track accommodations for assessments for EL and 504 students. New records and record modifications trigger a sync to the Montana State Edition.

Test Accommodations records are view-only in the Montana State Edition.

## Logic

- A student must be an active participant in EL or 504 to document test accommodations using this tool.
- When the student has an IEP, Test Accommodations must ONLY be documented in that IEP. A warning displays indicating when the student has an IEP.
- A validation exists to ensure a student has no IEP that overlaps the Test Accommodation date range.

- A validation exists to ensure the student has an active EL or 504 record that overlaps the Test Setting date range.
