## CO Digital Upload K-12 Report ☆

**CO Digital Upload K-12 Report**

The CDPHE Immunization Digital Upload for K-12 is submitted yearly to the state beginning October 1, due January 15. To ensure the accuracy of reporting for students at all K-12 schools, this report relies on the following District, County, and School information:  
 \*Within System Admin > Resources > School > the State School Number and CityID must be accurately populated.  
 \*Within System Admin > Resources > District Information, County needs to be selected.

Effective Date:  📅

Format: State Upload ▼

CO Digital Update K-12 Report

## Report Logic

The report aggregates a count of days between the student's birth date and immunization dose dates per vaccine. The report can be run against a district's active year as well as any prior year.

Prior to running report:

- The City ID field located at System Administration > Resources > [School](#) must be populated.

- Users need to validate that the County and County number is accurate according to the State. This is located at System Admin > Resources > [Counties](#). The counties in which the School(s) reside at System Administration > Resources > [District Counties](#) must also be populated.

## Report Editor

| Field                     | Description  |
|---------------------------|--|
| <b>Effective Date</b>     | The date the report will run.<br><br>The field is auto-populated with the current date, but can be changed by using the calendar icon to select a date or entering a new date in <i>mmddyy</i> format.   |
| <b>Format</b>             | Selection determines whether the extract generates in the State Upload, CSV, or HTML format.   |
| <b>Calendar Selection</b> | At least one calendar needs to be selected in order to generate the report. Calendars can be selected by the active year, by school name or by year.   |
| <b>Report Generation</b>  | The report can be generated immediately using the <b>Generate Report</b> button. Or, use the <b>Submit to Batch</b> button to select when the report is generated. See the <a href="#">Batch Queue</a> article for more information on this functionality. |

## Generate the K-12 Digital Upload Report

1. Enter the desired **Effective Date**.
2. Select the **Format** of the report.
3. Select the **Calendar(s)** from which to report information.
4. Click the **Generate Extract** button or use the **Submit to Batch** button. The report displays in the desired format.
