Action	Trigger
Post	<p>The student must have a Student School Association record in the configured year and meet the following EL record criteria:</p> <ul style="list-style-type: none"> • The student has an EL Program Status of EL. Only one EL Services record reports per descriptor code. When there are multiple EL Services records assigned to the same descriptor code, the most recent record that is active in the configured year reports. • The student has an EL Program Status of Exited EL and the First Year Monitoring or Second Year Monitoring dates overlap a configured year. Today's date is used to determine their status. • The Program Exit date is used as the start date and the First Year Monitoring date as the end date to determine the student's status. • A student marked as Redesignated English reports until the student is no longer in the district. • The day after the First Year Monitoring date is used as the start date and the Second Year Monitoring date as the end date to determine the student's status. • Does not send a record when the student's Second Year Monitoring date is before the configured year. • Does not send a record when enrollment is in a calendar marked as Exclude. • Does not send a record when enrollment is in a school marked as Exclude. • Does not send a record when enrollment is marked as No Show.
