Tool Search: Digital Equity

The Digital Equity tool allows schools to track digital devices and internet availability for students. More than one record can be added, but records cannot overlap.

See the core [Digital Equity](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Digital Equity records.

The screenshot shows the 'Digital Equity' tool interface. At the top is a search bar labeled 'Search for a tool or student'. Below it is the title 'Digital Equity' with a star icon and a breadcrumb trail: 'Student Information > State Programs > Digital Equity'. A toolbar contains buttons for 'New', 'Save', 'Delete', and 'Print Summary Report'. The main area is divided into two sections: 'Digital Equity Summary' and 'Digital Equity Detail'. The 'Summary' section has a table with columns 'Start Date' and 'End Date', showing a single row with '11/23/2020'. The 'Detail' section contains form fields for '*Start Date' (11/23/2020), 'End Date', 'Device Type' (1: Chromebooks/laptops), 'Device Owner' (1: Personal, dedicated device), and 'Internet Connectivity' (1: Personal Access). It also shows a 'Modified By' field with the value 'Administrator, System 11/23/2020 09:30 AM' and a 'District Defined Elements' section at the bottom.

New Jersey Digital Equity Detail Editor

Note the following:

- Use the [Federal/State Program Updater](#) tool to import Digital Equity information to this tool.
- For OLR Prime users, see the [OLR Federal Program Posting Setup](#) article for information on adding Digital Equity fields (and other Federal Program fields) to the Online Registration application. These fields automatically post to the added field.

Digital Equity Field Descriptions

The following fields are available in the Digital Equity Detail editor.

Start Date

Reports the start date for the Digital Equity record.
