

MN v3.3 - Course Course Associations Resource Preferences

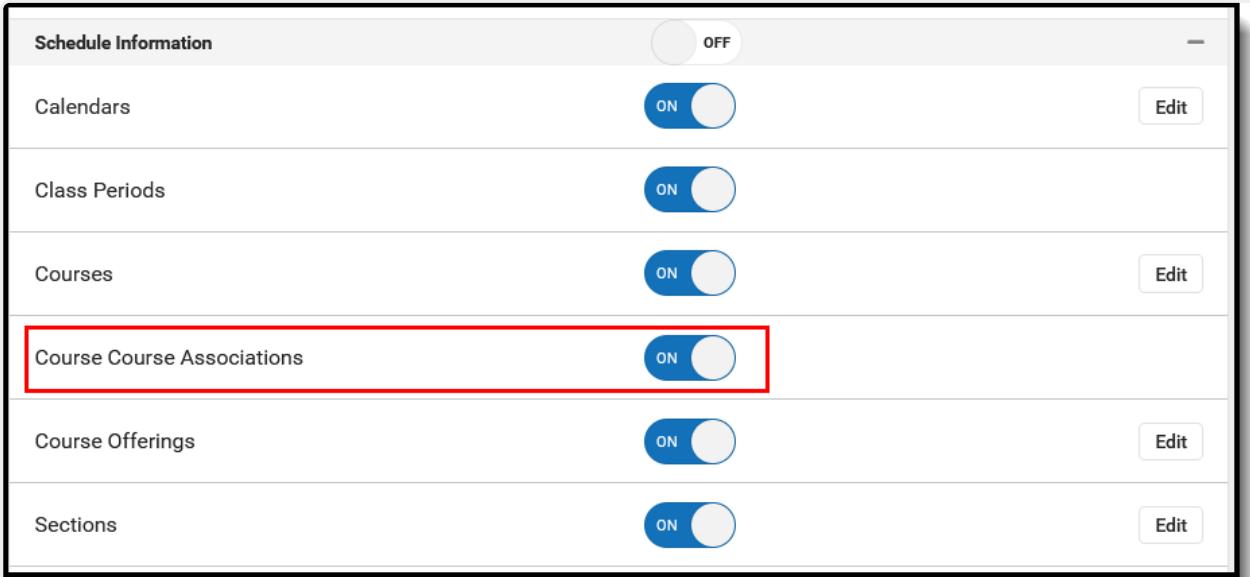

Last Modified on 12/14/2025 8:45 pm CST

{

The Ed-Fi Configuration tool is used to establish Ed-Fi data resources.

The following describes how to enable the Course Course Associations resource for Ed-Fi reporting. If the Configure or Edit button do not display, then the resource does not need to be mapped and the toggle button can be used to turn the resource on or off.

1. Set the Course Course Associations preference to **ON**.

The screenshot shows a configuration interface with a list of resources and their status. The resources listed are: Schedule Information (OFF), Calendars (ON, Edit), Class Periods (ON), Courses (ON, Edit), Course Course Associations (ON, highlighted with a red box), Course Offerings (ON, Edit), and Sections (ON, Edit). The 'Course Course Associations' row is specifically highlighted with a red box around its toggle switch. Below the list, the text 'Course Course Associations' is displayed.

Schedule Information	OFF
Calendars	ON <input type="button" value="Edit"/>
Class Periods	ON <input type="button" value="Edit"/>
Courses	ON <input type="button" value="Edit"/>
Course Course Associations	ON <input type="button" value="Edit"/>
Course Offerings	ON <input type="button" value="Edit"/>
Sections	ON <input type="button" value="Edit"/>
