This program supports the creation of community learning centers that provide academic enrichment opportunities during non-school hours for children, particularly students who attend high-poverty and low-performing schools. The program helps students meet state and local student standards in core academic subjects, such as reading and math; offers students a broad array of enrichment activities that can complement their regular academic programs; and offers literacy and other educational services to the families of participating children.

The screenshot shows the '21st Century Community Learning Centers Detail Editor' form. It contains several input fields and dropdown menus for tracking student progress and program details. The fields are organized into three columns:

- Column 1:** Start Date (calendar icon), Fall Visits, Increased Math Grade (dropdown), Completing Homework to Satisfaction (dropdown), Attending Class Regularly (dropdown), Academic Performance (dropdown), and a large Comments text area.
- Column 2:** End Date (calendar icon), Spring Visits, Increased Reading Grade (dropdown), Participating in Class (dropdown), Being Attentive in Class (dropdown), Getting Along Well with Others (dropdown).
- Column 3:** Program Provider, Summer Visits, Turning Homework on Time (dropdown), Volunteering (dropdown), Behaving Well in Class (dropdown), and Coming Motivated to Learn (dropdown).
