returned/declined payments	Payment Date	 Return Date Payment Reference Number Then filter on Payment Source = Failed Transactions 	Payments Reporter \$ Superments Reporter

Bank Reconciliation Report

If you are having trouble balancing to the exact deposit amount, try using the Bank Reconciliation report. The Bank Reconciliation report is part of the <u>Deposit Reporter</u>. Use the Bank Reconciliation report to find the **Deposit Request Reference** number. The Deposit Request Reference number will help you identify all of the different parts that make up a single deposit.

When a deposit is made, it displays as one transaction in the <u>Deposit Reporter</u>, but a single deposit can be a total of multiple deposits. The **Bank Reconciliation** separates the deposit into its different parts. For example, when a \$300 deposit displays in the Deposit Reporter, the Bank Reconciliation file will display 2 deposits: ACH \$200.00 and CC \$100.00. In the following example, notice that the Deposit Request Reference and Deposit Reference are the same; however, the Deposit Distribution Reference is unique.

Г	A	В	С	D	E	F	G	Н
	1 Request Date	Deposit Request Reference	Deposit Date	Deposit Reference	Acct #	Deposit State	Amount	Deposit Distribution Reference

Payments Reporter Column Descriptions

The following columns are available on the <u>Payments Reporter</u>. These columns are available via the column selector and can be grouped, filtered, and saved as templates.

TIP

You can sort the Payments Report by clicking a column heading. Each click changes the data in ascending or descending order. When <u>grouping specific columns</u>, be sure to also sort the column headings to ensure you are viewing the report results in an organized manner.

Column	Description		
Payment Date	The date on which the payment was made.		
Payer Name	The name of the person who made the payment. This column will only show a name if the payer is a logged-in Infinite Campus user.		
Payment Method Account Name	If a name is entered in a payment method, it will be displayed in this field.		
Recipient	The person receiving items purchased in the School Store or the student who was registered for an activity. If an item was purchased and paid through the Campus Mobile Payments app, the student's name appears IF the student number was entered at the time of the purchase.		
Description	A description of the fee. If the 'Split Transaction and Service Fees' checkbox has been enabled within the <u>Payments Setup Settings</u> , any transaction or service fee involving a split will be designated with '(Split)' in its description.		
Payment Reference Number	This number is automatically generated by the payments platform and is a unique identifier for a specific transaction.		

Column	Description
Payment Method	Indicates what was used to make the payment; e.g., type of credit card or eCheck. If eCheck is used, it will indicate if it was from checking or savings.
Card Entry Type	Shows whether a credit/debit card payment was typed in manually, swiped, or processed through the Campus Mobile Payments app using a chip insert or tap (EMV). If the payment method was not a credit or debit card, this column will appear blank.
Payment Source	Identifies where the transaction occurred. Portal Parent Portal Student Portal Employee Self Service Card Present Processing Public Store Recurring Refund Reversal Failed Transaction Campus Payments App Activity Roster Fees Food Service POS Terminal
Transaction Status	The current state of the transaction. See the <u>Transaction Status</u> topic for more information. • Completed • Exception • Canceled • Pending • Returned • Return Void • Revoked • Resolved
Return Date	After a refund is made, the details include this Return Date and the Offset Transaction Reference Number.
Settlement Date	The date on which the payment was processed.
Deposit Date	The date when the payment platform deposits the money into the bank accounts.
Deposit Request Date	The date when Campus requested payments to be disbursed to the bank accounts.

Column	Description			
Deposit Request Reference	The ID the payment platform sends to Campus when Campus requests a disbursement.			
Fund ID	The unique identifier for the Fund Account. Fund ID is unique and the same Fund ID cannot be used at different schools.			
Fund Description	A description of the Fund Account.			
Bank Account	The bank account associated with the Fund ID.			
Deposit Amount	The specific amount of money that constitutes the deposit. Tip: Turn the Show Full Value toggle to ON to see the Deposit Amount go to 5 decimal places. Payment End Date Include School Payments Show Full Value month/day/year hour: ON ON ON Full Value S5.00000 -\$0.35000 -\$1.22500			

About the Deposit Process

The deposit process runs daily before 5:45 PM Eastern Time (ET). The deposit job must complete by 6:00 PM Eastern Time (ET); otherwise, the payment platform moves the request date forward one day to ensure the deposit job has enough time to complete.

The deposit process does not run on weekends (Friday, Saturday, Sunday) or holidays.

Step Description

Step	Description			
1	Campus determines your district's account balance. When your district is processing payments, the fees associated with them and any returns/refunds you process are subtracted from your account balance when they occur. So, at the end of each business day Campus calculates the balance then requests a deposit. If your district's account balance is negative, Campus issues a negative deposit.			
2	After determining the balance, Campus combines transactions with the following statuses into a deposit. • Completed • Resolved • Returned • Partial returned • Returnvoid • Transactions with a settled date • Transaction Fees There is a brief delay (up to 1 hour) between the time the deposit request is made and			
3 If the Then deposit is		Then		
	Successful	You will see a deposit in your district's bank account. Keep in mind, you may see different deposit dates for one payment reference number since the deposit payment separates transaction line items.		
Not Successful The deposit is canceled and recalculated the following day.				

Deposit Request Report

The Deposit Request Report provides a summary of the Deposit Request for a specific day and is intended to help with bank reconciliation. The report is a PDF file and includes all of the transactions in the Deposit Request, grouped by bank account ID, and provides a total for the transaction fees and a total for the merchant fees by Fund ID. The Gross Amount, Fees, and Net Amount are provided for each Fund ID at the end of the report. For more information, see the <u>Deposit Request</u> Report article.
