Tool Search: KG Readiness

The KG Readiness tool allows districts to assess a student's progress towards a successful educational career prior to the start of their kindergarten year.

KG Readiness records CANNOT overlap. This means a student can only have one active record at any given time. A new record can only be added if the previous record has an End Date.

In the [Campus.2140 Release Pack \(September 2021\)](#), the KG Readiness field on the Enrollment record was removed in favor of reporting readiness information from this tool. Any active enrollment that included KG Readiness data was converted to a new KG Readiness record.

The screenshot shows the Infinite Campus interface. At the top, there is a green header with the Infinite Campus logo and a search icon. Below the header, the user profile for 'KG Readiness' is displayed, including a star icon, the name 'Student, Alison', grade 'K', ID '#123456789', and DOB '02/11/16'. A group 'Group 1 sme' is also listed. Below the profile, there are three buttons: 'New', 'Save', and 'Delete'. The main content area is divided into two sections. The top section is the 'KG Readiness Editor', which contains a table with columns for 'KG Readiness', 'Start Date', and 'End Date'. A single record is shown with 'Yes Kindergarten ready', '09/07/2021', and an empty 'End Date' field. The bottom section is the 'KG Readiness Detail' form, which includes fields for 'Start Date' (set to 09/07/2021), 'End Date', and several dropdown menus for 'KG Readiness', 'KG Physical Well-being and Motor', 'KG Social and Emotional', 'KG Cognition and General Knowledge', 'KG Approaches Toward Learning', and 'KG Language and Literacy'. The 'KG Language and Literacy' dropdown is currently set to 'N: No'. At the bottom right of the detail form, it says 'Modified By: Administrator, System 09/09/2021 01:52 PM'. The footer of the detail form reads 'District Defined Elements'.

Use the [Federal/State Program Updater](#) tool to import KG Readiness information to this tool.

Manage KG Readiness Records

To add a new record, click the **New** button and enter a **Start Date** on the KG Readiness Detail. Select Yes, No or Unknown from each of the lists fields, as appropriate for the selected student. Click the **Save** button when finished.

To end a record, select the applicable saved KG Readiness record and enter an End Date.

To completely remove the record, select the applicable saved KG Readiness record and click the **Delete** button. This should only be done if the record was added in error.
