Activity Registration

New Option to Reassign Custom Form for Signature (SIS-144556) **[Enhancement]**

A new option called "Reassign" was added to the Documents panel in the Activity Monitor. This option allows you to reassign a custom form to a user who did not have a Campus Student or Campus Parent account or the account was disabled when the student was registered for an activity.

Update for Manually Adding Students to an Activity Roster (SIS-148947)

You can manually add students to an activity roster if they are enrolled in the school associated with the activity. Logic for this feature was updated to allow you to add students who have a future-dated enrollment (during the activity registration start date through the activity end date), a current enrollment with no end date, or an enrollment end date prior to the current system date.

Path: Activity Registration > Activity Monitor

Update for Accessing Activity Registration Forms in the Portal (SIS-149498)

Changes were made to ensure parents/guardians can access and complete custom forms in Campus Parent if the student opened the form before the parent but was not eligible to complete the form. As part of this change, changes were also made to ensure guardians can open forms and sign required forms before adding them to My Cart.

Blended Learning Groups - Miscellaneous Updates (SIS-148747) **[Enhancement]**

The following modifications have been made to Blended Learning Groups tools:

- Error messages and confirmation alerts have been reviewed and modified where needed for consistency and clarity across all Blended Learning Group tools.
- An issue has been corrected when using the New Blended Learning Groups tool to extend automatic groups where the group was extended but student assignment dates were not.
- Using the progress bar to move through steps is no longer allowed when a required field is not selected.
- When adjusting a Student Group Assignment, a group only displays for selection when the Group Start Date is on or after the Adjustment Start Date.
- On the student's Blended Learning Groups Assignments tool, when a user adds a second assignment to a group in which the student is already assigned, an error message displays indicating that concurrent group assignments is not allowed.

Curriculum Updates (SIS-148839) **[Enhancement]**

The following updates have been made to curriculum with this release:

- Updated the curriculum editor and the Copier so that the "All Assigned" indicator becomes a split button if the teacher has Student Groups created, allowing the teacher to easily select a group. Teachers can click the arrow to select a group, or the "# Assigned" button to see and modify the list of assigned students.
- Assignment comments are now correctly truncated on Campus Student/Parent and an occasional error has been resolved.
- Changing the grading alignment of an assignment no longer clears the selected Assignment Mark.
- Default values now correctly display on a new assignment when it includes a Scoring Rubric.
- The Curriculum List has been updated so that if a date validation is generated for any curriculum, the folder(s) in the list will display as expanded so that the curriculum in question is visible. Also updated curriculum so that the date validation message displays correctly on small screens.
- Improved sort logic in the Section dropdown list in the Curriculum Copier.
- The selected Category is no longer changed if a users without proper tool rights attempts to update grading setup.
- Addressed an issue that occurred if a user attempted to copy assignments into a section with not Tasks/Standards.
- Addressed an issue in which an assignment with content created for a section with no teacher assignment did not display correctly in Campus Student.
- Updated the Curriculum Copier so that if the destination term only has one grading alignment, it is selected by default.

Centralized Searching Added to the New Look and Feel of Infinite Campus (SIS-141819)

[Enhancement]

Significant updates were made to the way users search for tools, people, and data within the new look and feel of Infinite Campus. Now, instead of using a search bar at the top middle part of the screen to search for students and tools, users can click a magnifying glass icon in the upper left-hand side of the screen to access a unified search tool. When selected, the new search tool appears on the left-hand side of the screen, allowing you search for data using any of the following contexts:

- Address
- All People
- Course Master
- Course/Section
- Household
- Personnel Master
- POS Account
- Staff
- Student
- Tool

Minnesota MIIC ID Import Update (SIS-149055)

A new MIIC ID Import process has been created for the Immunization Import for 2021. The existing formats are still available for historical purposes.

In Ad hoc, the new filter name that needs to be generated and then sent to the state is the MIIC Upload Record 2021.

The state provides several files which contain several data fields, some of which are not used for the MIIC import. The new MIIC ID Import 2021 and the MIIC Immunization Record Import 2021 will utilize only the "Full Vaccinations" file for both the MIIC ID import process and the Immunization record process.

All of the updated file types must use the MIIC provided file in the pipe delimited file format when exporting and importing the data.

See the documentation for a detailed process on the MIIC ID Import process for Minnesota.

Virginia - Student Record Collection Updates for 2021-22 (SIS-149460)

The following changes were made for reporting the Student Record Collection.

- A checkbox called SLIFE was added to the EL tool in Program Participation. This checkbox identifies students with limited and/or interrupted formal education defined as an English learner who:
  - enters or re-enters any school in the United States at or after the age of 8; AND
  - is identified at English Language Proficiency (ELP) Level 1 or 2; AND
  - has at least 2 years less schooling than their similar-age peers.
- The GED Program code 3: GED was removed from the Graduation tool.
- Instructional Setting code, 8: Supervised Agricultural Experience was reactivated (Scheduling > Course > Section > Section Editor).

- The CTE finisher code 6: 2 CTE course sequence complete/grad req not met was activated in the Student Status droodown list (Student Information > Academic Planning > Programs > New Academic Program).
- Field 132 on the SRC report is now "SLIFE Status Flag." This field reports when the Report Type is Fall, Spring or EOY. Y reports when the El > SLIFE checkbox is marked and reports N when the checkbox is not marked.
- Field 133 on the SRC report is now "Date of Entry into U.S. Schools." This field reports when the Report Type is Fall, Spring or EOY for all students and reports from Census > Demographics > Date Entered US School. If the date field is blank, this field reports the Start Date from the student's earliest enrollment.
