Programs (Nebraska v3.5)

Last Modified on 06/11/2024 9:54 am CDT

Object Triggering Logic | Object Data Elements | Type/Descriptor

This entity represents any program designed to work in conjunction with, or as a supplement to, the main academic program.

Object Triggering Logic

This table describes logic for triggering syncing of this object.

Action	Trigger
Post	When a new Blended Learning Group is created with a status set to Active and at least one student is assigned to the Blended Learning Group. • A separate record is sent for each school when there is at least one student added to the group based on the school of the student's enrollment. • Does not send a record when the Blended Learning Group is only assigned to students with enrollments in a calendar that is marked Exclude. • Does not send a record when the Blended Learning Group is only assigned to students with enrollments in a school that is marked Exclude.
Put	modalityTypeDescriptor: Update when a Blended Learning Group is either assigned to a calendar day or removed from all calendar days in a school.
Put	modalityTime: Recalculate whenever a Blended Learning Group is either added or removed on the Calendar Days.
Delete	When a Blended Learning Group is set to Archived.

Object Data Elements

Data Element	Business Requirement	Business Rules	M, C, or O	Data Source GUI Path Database Location
programName	The formal name of the program of instruction, training, services or benefits available through federal, state, or local agencies.	Reports the name of the Blended Learning Group.	M	Scheduling > Blended Learning Group blendedlearninggroup.nar
programTypeDescriptor	The formal name of the program of instruction, training, services or benefits available through federal, state or local agencies.	Always reports 'Learning Modality' in this field for all Learning Modality Programs.	M	

Data Element	Business Requirement	Business Rules	M, C, or O	Data Source GUI Path Database Location
educationOrganizationReference	A reference to the related EducationOrganization resource.	Reports a unique record for each school where there is at least one student added to the Blended Learning Group based on the school where the student is enrolled. Report from the state school number.	M	
modalityTypeDescriptor	Defines the Modality that is being reported as either 'In Person' or 'Remote'.	When a group is assigned to at least one day in the calendar, reports 'Remote". Otherwise reports 'In Person'.	M	System Administration > Calendar > Calendar > Days
modalityTimeTypeDescriptor	Defines the unit(s) of time reporting the the Modality Time Descriptor.	Reports 'Days'.	M	
modalityTime	The amount of time the student spends in that Modality.	Looks across all calendars/schedule structures the group is assigned in a school and count a unique number of days beginning with the earliest calendar start date through the max calendar end date to which the group is tied.	M	System Administration > Calendar > Calendar > Days calendar.days
programCost	The cost of the program.	This field is optional, does not report.	O
