The Instruction Mode tool allows schools and districts to track which students receive 50% or more of their instruction in a non-face to face in-person setting.

The screenshot shows the 'Instruction Mode' interface for a student named John. At the top, there's a breadcrumb trail: 'Student Information > State Programs > Instruction Mode'. Below the student's name, there are fields for 'Grade: 12' and 'DOB:'. A 'PoF' (Point of Face) icon is also visible. Action buttons for 'New', 'Save', 'Delete', and 'Print' are present. The main section is titled 'Instruction Mode Summary' and contains a table with columns 'Start Date' and 'End Date'. The table shows a single record with 'Start Date' as '09/21/2021' and 'End Date' as '12/31/2021'. Below this is the 'Instruction Mode Detail' section, which includes a description: 'Select Dates the student is REMOTE for 50% or more of their scheduled day (is not in a face to face in-person setting)'. It has fields for 'Start Date' (09/21/2021) and 'End Date' (12/31/2021). At the bottom, it shows 'Modified By: Administrator, System 09/21/2021 10:58 AM' and a 'District Defined Elements' section.

District Defined Elements

To create an Instruction Mode record:

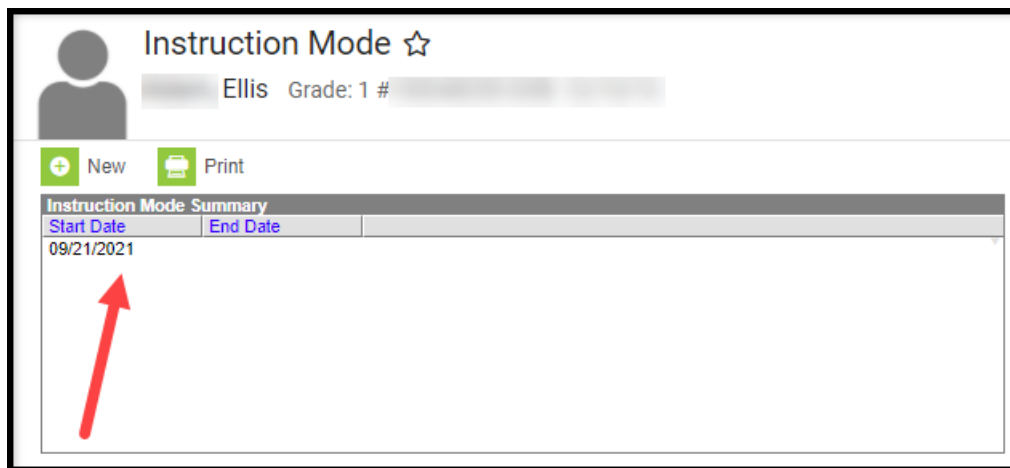

1. Navigate to Student Information > Program Participation > State Programs > Instruction

Mode

2. Click **New**.
3. Enter the **Start Date**. This is the first date the student started receiving more than 50% of their instruction in a non-face to face in-person setting.
4. Enter the **End Date** (if known). Otherwise leave this blank until this date is known.
5. Click **Save**

A new Instruction Mode record now exists for the student within Infinite Campus.

If a student starts, stops, and then restarts receiving 50% or more of their instruction in a non-face to face in-person setting, you should create a new record. Do not change or modify their previous Instruction Mode record.
