Tool Search: Messenger 2.0

Because of the ongoing development, Messenger 1.0 will continue to be available until feature comparability is reached. Mobile compatibility is only available in Messenger 2.0 in the new look and feel of Campus.

As Campus Messenger continues to undergo an extensive top-to-bottom redesign, Messenger 2.0 is ready and available for any district to use. Messenger 2.0 consolidates many classic Messenger tools to optimize user experience and enhance Messenger performance. With a refreshed look, Messenger provides users with the added ability to send messages from mobile devices to Students, Parents and Staff. In addition, we've added navigation buttons to provide easy movement back and forth between screens when creating a message.

The screenshot displays the Messenger 2.0 Beta interface. At the top, a header bar shows the title 'Messenger 2.0' with a star icon. To the right, a breadcrumb navigation path reads 'Communication > Messenger > Messenger 2.0'. The main content area is divided into several sections:

- Create New Message:** This section contains three buttons: 'General' (with an envelope icon), 'Priority' (with an exclamation mark icon), and 'Emergency' (with a red exclamation mark icon inside a triangle).
- Send From Template:** This section features a button labeled 'Select Template' with a document icon.
- Scheduled Messages:** This section includes a 'Display' filter with options 'My Messages' (selected), 'All Messages', and 'Filter'. Below this, message details are shown: 'Time: 02:36 PM', 'Date: 03/14/2023', 'Created By: Administrator, Demo', 'Subject: Responsive Scheduling Reminder - VBHS', 'Total Calendars: 1', 'Send To: Students', and 'Delivery Modes' (represented by icons for phone and email). A blue 'Edit Message' button is located in the bottom right corner of this section.
