Tool Search: Student Digital Resources Template

This tool will extract data to complete the Student Digital Resource extracts. Students must have an active enrollment on the Snapshot Date to report.

Student Digital Resources Editor.

Extract Logic

▶ [Click here to expand...](#)

One record reports per eligible student.

Student Logic

- To report, students must have an active enrollment on the snapshot date
- One student record reports per active enrollment per school

- A student record reports when the Enrollment End Date is after the Snapshot Date selected on the extract editor
- A student record reports when the Enrollment Start Date is on or before the Snapshot Date selected on the extract editor

Validation Errors:

Student:

If a student has an active enrollment, but does NOT have an active Digital Equity record, a record still reports in this extract. However, the digital resource fields will be null and generate a warning or error upon state submission.
