The Birth to Three Program Report collects information on the caregivers assigned to students who have Birth to 3 Records.

*Birth to 3 Program Report*

## Report Logic

Students must have the following in order to be included on the report:

- An active enrollment record (either Primary, Partial or Special Education) in **State Grade Level 00** during the dates selected in the extract editor within the selected calendar.
- A Birth to 3 Program record that falls within the start dates entered on the extract editor.

If the student has more than one record that meets the above requirement, the most recent record based on the start date reports.

Students are not included when:

- The Enrollment Record is marked as State Exclude or No Show.
- The Calendar of enrollment is marked as State Exclude.
- The Grade level of enrollment is marked as State Exclude.

State Excluded students and students considered No Show do not report.
