

# Birth to 3 Program (Illinois)

Last Modified on 10/21/2024 8:20 am CDT

[Birth to Three Program Fields Available in Ad hoc Query Wizard](#) | [Birth to 3 Program Fields](#)

Tool Search: Birth to 3 Program

The Birth to 3 Program tool collects information on students who are receiving services related to Birth to 3 Years programming. This is different from the Birth to 3 Demographic tool, which collects caregiver data. Birth to 3 Program collects data related to the program itself.

**Records cannot overlap. If a new record is created, an error message is returned indicating the first record must be ended.**

**Birth to 3 Program** ☆  
 Student, Emily DOB: 03/22/19

### Reports:

[Birth to 3 Program](#)

## Service Location

Identify the type of program/services this child receives.

[▶ Click here to expand...](#)

Option	Description
09: DCFS Licensed Day Care/Center-Based	The child is enrolled in a DCFS Licensed Day Care/Center-based program.
10: DCFS Licensed Family Child Care Home	The child is enrolled in a DCFS Licensed Family Child Care Home program. The Illinois Department of Children and Family Services (DCFS) uses the term "Day Care Home." Day care homes are family homes in which care is provided for more than three children, including the caregiver's own children, related and unrelated children. These homes must be licensed by DCFS.
11: Home Visiting	The child is enrolled in a Home Visiting Program that is implementing an evidence-based home visiting program model.

## Program

Indicates the Program in which the student is participating.

▶ [Click here to expand...](#)

Program	Description
<b>01: Early Head Start</b>	Early Head Start programs provide family-centered services for low-income families with very young children. These programs are designed to promote the development of the children, and to enable their parents to fulfill their roles as parents and to move toward self-sufficiency.
<b>02: Prevention Initiative</b>	The Early Childhood Block Grant (ECBG) Prevention Initiative (PI) program provides intensive, research-based, and comprehensive child development and family support services for expectant parents and families with children from birth to age 3 to help them build a strong foundation for learning and to prepare children for later school success.

## Program Model

All programs implementing home visiting must indicate an evidence-based program model.

▶ [Click here to expand...](#)

Option	Description
01: Parents as Teacher (PAT)	<p>This is accomplished by:</p> <ol style="list-style-type: none"> <li>1. Engaging others in the community who support young families.</li> <li>2. Casting a net over your targeted population includes going where parents and children already are.</li> <li>3. Learning about families guides professionals to affirm parent and child strengths and to strategize with parents about how to address family needs.</li> <li>4. Arranging for services which are meaningful to a family's real /needs.</li> </ol>
02: Baby TALK	<p>The Baby TALK Mission is to positively impact child development and nurture healthy parent-child relationships during the critical early years.</p> <ol style="list-style-type: none"> <li>1. Engaging others in the community who support young families.</li> <li>2. Casting a net over your targeted population includes going where parents and children already are.</li> <li>3. Learning about families guides professionals to affirm parent and child strengths and to strategize with parents about how to address family needs.</li> <li>4. Arranging for services which are meaningful to a family's real /needs.</li> </ol>

Option	Description
<p>04: Healthy Families America (HFA)</p>	<p>Healthy Families America (HFA) helps families manage life’s challenges by building on their strengths. Local programs select the target population they plan to serve, including single parents or families with low income, substance abuse or domestic violence.</p> <p>The program offers weekly home visits, beginning prenatally or within the first three months after a child’s birth and continuing through the first three to five years of life. HFA also offers screenings and assessments and may include parent support groups, father involvement programs, and job training.</p>
<p>06: Early Head Start (EHS)</p>	<p>Early Head Start (EHS) targets low income pregnant women and families with children from birth through age 3 who are at or below the federal poverty level or are eligible for Part C services under the Individuals with Disabilities Education Act. The program focuses on providing high quality, flexible and culturally competent child development and parent support services with an emphasis on the role of the parent as the child’s first, and most important, relationship.</p> <p>EHS programs include home- or center-based services, a combination of home- and center-based programs, and family child care services (services provided in child care in home-based settings).</p> <p>EHS home-based services include (1) weekly 90-minute home visits and (2) two group socialization activities per month for parents and their children.</p>
<p>07: Nurse Family Partnership</p>	<p>The Nurse-Family Partnership (NFP) is designed for first-time, low-income mothers and their children. It includes one-on-one home visits by a trained public health registered nurse to participating clients. The visits begin early in the woman’s pregnancy (with program enrollment no later than the 28th week of gestation) and conclude when the woman’s child turns 2 years old. During visits, nurses work to reinforce maternal behaviors that are consistent with program goals and that encourage positive behaviors and accomplishments.</p> <p>Topics of the visits include prenatal care; caring for an infant; and encouraging the emotional, physical, and cognitive development of young children.</p>
