Tool Search: Product Types

Product Types are assigned to Products and to Fund Accounts. When a product is purchased, funds are deposited into the bank associated with the Fund Account to which you assigned the Product Type.

See the School Store Administration Tool Rights article for information on available tool rights.

## Important Information About Product Types

- Product Types are not unique for each school. Once a Product Type is added, it is available to every school in the district.
- You cannot delete a Product Type if it's tied to an active product in the Inventory. However, you can edit the Product Type.

## Create a new product type
