Tool Search: Early Learning

The Early Learning page lists student information related to programs designed to improve the health, social-emotional and cognitive outcomes for all students from birth through third grade, using the federal guidelines. Fields in the Early Learning tool are specific to Nevada. These fields are described below.

See the core [Early Learning](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Early Learning records.

## Enrollment

The Enrollment field allows the user to select the enrollment to which to tie the Early Learning record. Students may have overlapping Early Learning records, but students may have only one Early Learning record per enrollment.

Users may create only one record per enrollment.
