Tool Search: Foster Care

The Foster Care tool is used to indicate whether a student is in Foster Care. A start and end date is associated with each instance of a Foster Care record. These records are not tied to student enrollments or calendars.

See the core [Foster Care](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Foster Care records.

Overlapping records are not allowed.

The screenshot shows the 'Foster Care' tool interface for a student named Jane. The top navigation bar includes 'Student Information', 'Program Participation', and 'Foster Care'. Below the navigation bar, there are tabs for 'New', 'Save', 'Delete', 'Print Summary Report', and 'Documents'. The main content area displays a table with columns for 'School of Origin', 'Start Date', and 'End Date'. A single record is shown with 'Example School' and '09/01/2023'. Below the table, there is a 'Foster Care Detail' section with fields for 'Start Date' (09/01/2023), 'End Date', 'School of Origin' (Example School), and 'Comments (up to 255 characters)'. The interface is labeled 'Foster Care Detail Editor' at the bottom.
