These cases are included in the [Campus.2144 release pack](#).

Feedback Requested

As a user of this schema change document, would you find would you find this type of information helpful if it was provided for Rx releases such as [Rx Pack - Campus.2132](#)? (Schema changes in Rx cases are rare, on average one in thirty cases.)

Please respond in the comments field at the end of this article. Thanks!

Data Definition Language Scripts (DDL)

This section lists data structures that were created, altered, or dropped, based on the vocabulary used to define data structures in SQL Server.
