Tool Search: CTE Reports

The CTE Data Reports editor provides users with the ability to generate and submit CTE data to the Nevada Department of Education. This tool provides three report types:

- Student Course Combined:
  - Version:
    - Count Date: Reports all students actively enrolled and rostered into a CTE course as of the count date.
    - End of Year: Reports all CTE students and CTE courses completed during the reported period.
- Student Concentrators:
  - Reports all students who have completed at least two credits towards a CTE Program of Study.
- Student Graduates:
  - Reports all students who have completed a CTE Program of Study and are no longer enrolled in the district.

CTE Data Reports Editor

Report Logic

The following reporting logic is used to generate each available Report Type.

Student Course Combined

- All enrollment types are considered
- Student must have an active CTE course roster or earned credit in a CTE course
- Courses are considered CTE if the SCED code or the first five digits of the State Code are included in Appendix A
- For every unique student/course combination, one line reports
- This report is available in two versions:
  - Count Date
    - Student must have an active enrollment record on the Effective Date
    - Student must have an active roster record in a CTE course on the Effective Date
  - End of Year
    - Student must have an active enrollment record at some point during the reporting period indicated by the dates entered in the Start and End Date fields in the Extract Editor
    - Student must have earned credit in a CTE course during the reporting period indicated by the dates entered in the Start and End Date fields in the Extract Editor
- When the student's course or section is marked as cross-site and the Exclude Cross-Site Data checkbox
  is marked on the extract editor, the cross-site course or section enrollment does NOT generate a
  record.

Student Concentrators

- All enrollment types are considered
- Student must have an active enrollment record at some point during the reporting period indicated by the dates entered in the Start and End Date fields in the Extract Editor.
- Student must have completed specific CTE program criteria
- Student must have earned at least 1 credit in an L1 course AND at least 1 credit in an L2 course both tied to the same Program of Study
- Courses where SCED Course Level = E are not considered
- Courses are considered CTE if the SCED code or the first five digits of the State Code are included in Appendix A
- One line reports for every Program of Study that meets all requirements when Summary is selected
- One line reports for every course tied to a Program of Study that meets all requirements when Detail is selected

Student Graduates

- All enrollment types are considered
- Student must have an active enrollment record at some point during the reporting period indicated by the dates entered in the Start and End Date fields in the Extract Editor.
- Student enrollment must have an End Status of W3F
- Student must have Diploma Type: B18, B19, B24, B26, B27 or H
- Student must have completed specific CTE program criteria
- Student must have earned at least 1 credit in an L1 course AND at least 1 credit in an L2 course both tied to the same Program of Study

- Courses are considered CTE if the SCED code or the first five digits of the State Code are included in Appendix A
- Courses where SCED Course Level = E are not considered
- Program of Study is defined by SCED Code - see Appendix A
- If Program of Study is marked as "Will never pull a Concentrator" the Program will not report
    - If student has completed the indicated concentrator status lines in a Program of Study marked as "Will never pull a Concentrator" AND they have achieved a Certification in the State Award Code listed for that same Program of Study they will report one record for that combination.
- One line reports for every course tied to a Program of Study that meets all requirements

Report Editor

Field	Description
Report Type	Available reports: • Student Course Combined • Student Concentrators • Student Graduates
Version	Only applies to Student Course Combined. Includes the following options: • Count Date • End of Year
Type	Applies to: • Student Concentrators
Effective Date	Used to indicate the count date for the report. Applies to: • Student Course Combined
Exclude Cross-Site Data	Cross-site section enrollment data is **not** included in the report when checked. • Cross-site enrollment functionality must be enabled at the district level for the checkbox to display. • Defaults to checked. Applies to: • Student Course Combined

Field	Description
Start Date	The start date of the reporting period. Applies to: • Student Course Combined (when End of Year is selected) • Student Concentrators • Student Graduates
End Date	The end date of the reporting period. Applies to: • Student Course Combined (when End of Year is selected) • Student Concentrators • Student Graduates
Ad Hoc Filter	Select an Ad Hoc filter to limit report results to those that meet filter requirements.
Format	• HTML • CSV (State Format)
Filter By	This field allows you to narrow the report results to specific Calendars, Calendar Years (District), or Schools.
Select Calendars	The calendar(s) from which data is pulled for the report. This field displays when the selected **Filter By** option is Calendar.
Generate Report	The report appears in a separate window in the designated format.
Submit to Batch	This process allows larger reports to be generated in the background without disrupting Campus use. See the Batch Queue article for more information about submitting a report to the batch queue.

		Course.abbreviation

Abbreviated Name	**Student Course Combined:**
	Reports the Abbreviated Course Name from the Course.
	• Count Date:
	  ◦ Values are reported from the Course/Section
	• End of Year:
	  ◦ Values are reported from the Transcript
	
	Report Types:
	Student Course Combined
		Course/Section > Course > Course Information > Name

Element	Description	Location
Program Name	**Student Course Combined:** Reports the Program of Study the course belongs to. **Student Concentrators & Student Graduates:** Reports the Program of Study determined by the SCED Code. If Type = Summary on the Extract Editor, one line will report for each course completed within the Program. **Report Types:** Student Course Combined Student Concentrators Student Graduates	Calculated (See Appendix A)
ACT ELA Prof Level	**Student Concentrators:** Reports the Result value if the student has a State-Published assessment with the name ACT ELA AND a State Test Code of ACT that is dated within the reporting period. **Report Types:** Student Concentrators	Student Information > General > Assessments
ACT Mathematics Prof Level	**Student Concentrators:** Reports the Result value if the student has a State-Published assessment with the name ACT Math AND a State Test Code of ACT that is dated within the reporting period. **Report Types:** Student Concentrators	Student Information > General > Assessments
HS Science Exam Prof Level	**Student Concentrators:** Reports blank. Assessment Unavailable. **Report Types:** Student Concentrators	Student Information > General > Assessments
