[Instruction Mode Definitions](#)

Tool Search: Instruction Mode

The Instruction Mode tool allows districts to record the learning environment for students and to track how assignments are being used based on the CARES Act Participation field.

See the core [Instruction Mode](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Instruction Mode records.

The screenshot shows the 'Instruction Mode' tool interface. At the top, there's a header with 'Instruction Mode' and a star icon. Below it, there's a navigation bar with 'Student Information', 'State Programs', and 'Instruction Mode'. The main area contains a form for adding or editing a record. It includes fields for 'Student #', 'Grade', and 'DOB'. There are also checkboxes for 'Medical', 'SpEd', and 'EL'. Below these are buttons for 'New', 'Save', 'Delete', 'Print', and 'Documents'. A table titled 'Instruction Mode Summary' is shown, with columns for 'Start Date', 'End Date', 'Instruction Mode', and 'Created By'. Below the table is the 'Instruction Mode Detail' section, which includes fields for 'Start Date' (08/23/2022), 'End Date' (06/08/2023), 'Instruction Mode' (01: In-Person), and a 'Comments' field (up to 255 characters). At the bottom right, it says 'Modified By: Admin, OAISD 12/07/2022 11:58 AM'.

Instruction Mode

Use the [Federal/State Program Updater](#) to import existing Instruction Mode records for students or to update records for multiple students.
