Instruction Mode Definitions

Tool Search: Instruction Mode

The Instruction Mode tool allows districts to record the learning environment for students and to track how assignments are being used based on the CARES Act Participation field.

See the core [Instruction Mode](#) article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Instruction Mode records.

The screenshot displays the 'Instruction Mode' tool interface. At the top, there is a header with a user profile icon, the title 'Instruction Mode', and navigation links for 'Student Information', 'State Programs', and 'Instruction Mode'. Below the header, there are fields for 'Student #', 'Grade', and 'DOB', along with checkboxes for 'Medical', 'SpEd', and 'EL'. A 'Related Tools' dropdown menu is also present. The main area contains a table with columns for 'Start Date', 'End Date', 'Instruction Mode', and 'Created By'. Below the table is a detailed form for editing an instruction mode record, including fields for 'Start Date' (08/23/2022), 'End Date' (06/08/2023), a dropdown for 'Instruction Mode' (01: In-Person), and a text area for 'Comments (up to 255 characters)'. A footer note indicates the record was modified by 'Admin, OAISD 12/07/2022 11:58 AM'.

Instruction Mode

Use the [Federal/State Program Updater](#) to import existing Instruction Mode records for students or to update records for multiple students.

Instruction Mode Definitions
