

Certification Category (District Edition)

Last Modified on 12/14/2025 8:45 pm CST

Tool Search: Certification Category

The Certification Category tool is used define which users are allowed to review and/or certify data certification events of a specific category.

Data certification categories are created at the state level and published down to districts. When the state creates a data certification event, all district users who are members of the certification category tied to the event will receive notification of the event and will be allowed to view and certify event data within the Event Certification tool (as long as they have proper tool rights to the Event Certification tool).

This tool consolidates the functionality of the existing [Type](#) and [Type Membership](#) tools; the existing tools will remain available until the Data Certification redesign is complete.

Data Certification tools are only available in State Editions of Campus and districts connected to a State Edition of Campus.

The screenshot shows a list of Certification Categories. The columns are 'Name' and 'Status'. The 'Status' column uses colored buttons to indicate the status of each category.

Name	Status
7-8 DROPOUT Data Checks	INACTIVE
7-8 DROPOUT to Certify	ACTIVE
9-12 DROPOUT Data Checks	ACTIVE
9-12 DROPOUT to Certify	ACTIVE
Behavior Incident List CERTIFY	ACTIVE
Behavior Student Data Checks	ACTIVE
COHORT Data Checks	INACTIVE
COHORT to Certify	ACTIVE
Gabe Test	ACTIVE
GRADUATE Data Checks	INACTIVE

Certification Category Tool

Prerequisites

- The state must publish certification categories for districts. Users can only be assigned members of state-published certification categories.
- In order for category members to receive email notification of state-published data certification events, [Email Messenger](#) must be enabled and configured.
- All users assigned membership to a data certification category must have a valid email address entered on the [Demographics](#) tab. This ensures email notifications about events are sent and received accordingly.
- In order for a user to view and/or certify a data certification event, they must be given [tool rights](#) to the [Event Certification](#) tool.

Tool Rights

Users must have at least **R**(ead) **W**(rite) **A**(dd) tool rights to the Certification Category tool in order to assign members and save certification categories.

Only an administrator should be given rights to the Certification Category tool. Because data certification events can include sensitive and role-specific information, it is critical very few users have the ability to control or modify certification category.

Certification Category Tool Rights

Certification Categories

The following steps will walk you through the process of viewing and adding members to a certification category.

View Members of a Certification Category

1. To view members of a Certification Category, select the category from the Certification Categories editor. The Status column in the Certification Categories editor indicates if the category is active or inactive. The filters at the top of the editor can be used to filter by Category Name and/or Status.

Certification Category ☆

Reporting > Data Certification > Certification Category

Name *	Behavior Student Data Checks	Active																		
Category Membership <table border="1"> <tr> <td>Admin1, Judy</td> <td>Role</td> <td>Active</td> </tr> <tr> <td>Staff State ID 45678</td> <td><input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer</td> <td><input checked="" type="checkbox"/></td> </tr> <tr> <td>Admin2, John</td> <td>Role</td> <td>Active</td> </tr> <tr> <td>Staff State ID 56789</td> <td><input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer</td> <td><input checked="" type="checkbox"/></td> </tr> <tr> <td>Admin3, Ron</td> <td>Role</td> <td>Active</td> </tr> <tr> <td>Staff State ID 67890</td> <td><input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer</td> <td><input checked="" type="checkbox"/></td> </tr> </table>			Admin1, Judy	Role	Active	Staff State ID 45678	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>	Admin2, John	Role	Active	Staff State ID 56789	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>	Admin3, Ron	Role	Active	Staff State ID 67890	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>
Admin1, Judy	Role	Active																		
Staff State ID 45678	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>																		
Admin2, John	Role	Active																		
Staff State ID 56789	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>																		
Admin3, Ron	Role	Active																		
Staff State ID 67890	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>																		

2. The Category Membership editor displays staff members that have been assigned to the certification category.
3. The staff member's Staff State ID, Role (either Certifier or Reviewer), and indication if the staff member is active is displayed in the Category Membership editor.
4. Users with the proper tool rights may change the Role and the Active status for individual staff members if desired.

Add a Member to a Certification Category

1. To add a member to a certification category, select the category from the Certification Categories editor. The Status column in the Certification Categories editor displays if the category is active or not. The filters at the top of the editor can be used to filter by Category Name and/or Status.

Certification Category ☆

Reporting > Data Certification > Certification Category

Name *	7-8 DROPOUT to Certify	Add Member												
Category Membership <table border="1"> <tr> <td>Teach, Catherine</td> <td>Role</td> <td>Active</td> </tr> <tr> <td>Staff State ID 12345</td> <td><input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer</td> <td><input checked="" type="checkbox"/></td> </tr> <tr> <td>Administrator, System</td> <td>Role</td> <td>Active</td> </tr> <tr> <td>Staff State ID N/A</td> <td><input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer</td> <td><input checked="" type="checkbox"/></td> </tr> </table>		Teach, Catherine	Role	Active	Staff State ID 12345	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>	Administrator, System	Role	Active	Staff State ID N/A	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>	<input type="text" value="And "/>  Anddarr, Sophia Anddle, Karla
Teach, Catherine	Role	Active												
Staff State ID 12345	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>												
Administrator, System	Role	Active												
Staff State ID N/A	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>												
<input type="button" value="Save"/> <input type="button" value="Cancel"/> <input style="border: 2px solid red; background-color: white; color: red; padding: 2px 10px; border-radius: 5px;" type="button" value="Add Member"/>		<input type="button" value="Close"/>												

2. The Category Membership editor displays staff members that have been assigned to the certification category.
3. The staff member's Staff State ID, Role (either Certifier or Reviewer), and indication if the staff member is active is displayed in the Category Membership editor.
4. Select the Add Member icon.

5. A side panel displays that is used to search for and select a staff member to add to the category. To search for a specific staff member, enter their name or staff state ID.
6. Select the appropriate staff member to add to the category and select Close.

The screenshot shows the 'Certification Category' editor. At the top, it says 'Reporting > Data Certification > Certification Category'. The 'Name' field is set to '7-8 DROPOUT to Certify'. The 'Active' checkbox is checked. The 'Category Membership' section lists three staff members:

- Teach, Catherine**: Staff State ID 12345, Role Certifier (selected), Active (checked)
- Administrator, System**: Staff State ID N/A, Role Certifier (selected), Active (checked)
- Anddarr, Sophia**: Staff State ID 12346, Role Certifier (selected), Active (checked)

At the bottom, there are 'Save', 'Cancel', and 'Add Member' buttons.

7. The new member displays in the Category Membership editor.
8. Select the Role (either Certifier or Reviewer) and indicate if the staff member's status is Active.
9. Click Save.
10. Once a person is a member of a data certification category and is marked Active, they will receive notifications within their Process Alerts and email indicating when the state has published data certification events tied to the certification category.

They will also be able to select the notification within the Process Inbox and be redirected to the event within the [Event Certification](#) tool where they can begin certifying event data.

Deactivate Certification Category Members

Members who should no longer have the ability to view and/or certify data certification events for a specific category should be deactivated.

Certification Category ☆

Reporting > Data Certification > Certification Category

Name *	7-8 DROPOUT to Certify	Active
Category Membership		
Teach, Catherine		
Staff State ID	Role	Active
12345	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>
Administrator, System		
Staff State ID	Role	Active
N/A	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>
Anddarr, Sophia		
Staff State ID	Role	Active
12346	<input type="checkbox"/> Certifier <input checked="" type="checkbox"/> Reviewer	<input checked="" type="checkbox"/>

Save **Cancel** **Add Member**

1. To deactivate a member, unmark the Active checkbox for the staff member within the Certification Membership editor.
2. Click Save.
3. The user will now display as not being active and will no longer receive notifications or be able to view/certify data certification events of this certification category.
