Data Entry Verification

Use the following as a checklist to review data setup prior to generating the Student Course Assignment Extracts.

Tool	Task	Location
Attribute Dictionary - Score List Item	<p>Ensure the State Score dropdown list has been activated in the Attribute/Dictionary. This list is not editable.</p> <p>See the State Score List for the appropriate entries.</p>	System Administration > Custom > Attribute/Dictionary > Score List Item > State Course Score
State Score Assigned to Score Groups and Rubrics	<p>Ensure the State Score has been assigned to available score groups and rubrics. A NULL option should also be available (state score is not assigned to a score item).</p>	Grading and Standards > Score Groups and Rubrics
Course Detail	<p>Verify the course is Active and has a State Code. If the course is linked to a Course Master, modify the Course Master entry so the code displays on the Course Editor.</p>	Scheduling > Courses > Course
Grading Task Course Assignment	<p>Assign a grading task to the course, ensuring the Score Group that has the State Scores assigned is chosen.</p>	Scheduling > Courses > Course > Grading Task
Section Roster	<p>Verify students are actively enrolled in the course. Also, review a student's schedule that would include a start date after the start of the school term for which the course is graded.</p>	Scheduling > Courses > Course > Grading Task; Student Information > General > Schedule
Grading Task - State Reported	<p>Verify the Grading Task is marked as State Reported.</p>	Grading and Standards > Grading Task
Term Code Assignment	<p>The term assignment defines the term that reports.</p>	Scheduling > Courses > Course > Section > Term
