Tool Search: 10/30 Extracts

The 10/30 Extracts report all students who have an unexcused absence on the Count Date, have attended school before the Count Date, and will return to school within ten school days.

Students must be enrolled and scheduled for classes; however, students do not have to attend the school before the Count Date to be included in the extracts.

All schedule structures into which a student is enrolled will be reported.

Generate a 10/30 Extract

1. Enter the **Count Date** in mmddyyyy format, or click the calendar icon to select a date.
2. Select the **Format.** Options include Elementary, Secondary, and Course/Section.
3. If desired, mark the **Ignore Period Schedules** checkbox.
4. The **Include Protected Identity Info** checkbox is selected by default. If desired, this can be unchecked.
5. Click **Generate Now** or **Submit to Batch Queue** to schedule the report's generation.
    - Users may select **Submit to Batch** to generate larger reports in the background without disrupting Campus. For more information on submitting a report to the batch

queue, see the Batch Queue article.
