Hosting Information

Last Modified on 02/10/2026 11:13 am CST

Infinite Campus provides three hosting options, each suited to meet different customer needs and demands. See the information below for help in understanding which option is best for you.

Campus Cloud

Campus Cloud hosting provides the most economical hosting solution for small and medium sized districts who want the safety and security of cloud-based support while working within a tight budget.

In-District (Virtualized)

In situations where internet connectivity is unreliable or district stakeholders prefer to host their data within the physical bounds of the district, Infinite Campus offers an alternative In-District Hosting option, with virtualized hardware that is located at the district and managed by Campus Hosting.
