Curriculum Library and Quiz Updates (SIS-152342) **[Enhancement]**

The Curriculum Library has been updated so that cartridges that include quizzes can be imported. Imported quizzes can only contain true/false and multiple choice style questions.

Updates have also been made to improve quizzes:

- When sharing or searching for a quiz, the standards list has been improved for easier use.
- When editing a quiz, teachers can click and drag individual quiz questions to reorder them, or enter a sequence number to determine the order of questions. If a teacher deletes an individual question from the quiz, a condensed version of the question displays and teachers can undo the deletion until the quiz is saved.

DIS/SIF

SIF Data Tool Now Available (SIS-150652) **[Enhancement]**

The SIF Data tool is now available for Infinite Campus customers who utilize SIF within Infinite Campus. This tool allows users to generate an XML record of a selected SIF object, enabling you to view and research the data that is being sent for that object in your instance of Infinite Campus. Data reported for the object is directly tied to Zone and Agent selected in the tool.

A new SIF Person Data tool has also been created, available as a tab once a person is selected. Using this tool, users can generate an XML record for person-related objects and view object data specific to the selected person.

For more information on how these new tools function, see the SIF Data Tool and SIF Person Data Tool articles.

Related Tools Menu Added to Tools in the New Look of Infinite Campus (SIS-148408)
[Enhancement]

A new Related Tools menu has been added to the right-hand side of many tools throughout the New Look of Infinite Campus. This new menu allows you to quickly and easily move between tools related to the tool you are working within while maintaining the student or context you have selected. Many users may notice a similarity between this menu and how tools appear as tabs within Classic Campus. This new menu provides much of the same functionality but with the added benefit of keeping the selected student or context present when navigating back and forth between tools.

For more information on how this new menu works, see the Try the New Look of Infinite Campus (https://kb.infinitecampus.com/help/try-the-new-look-of-campus) article.

Surveys

External Surveys Now Available (SIS-149031) **[Enhancement]**

Survey Designer has been updated to allow users to create surveys which can be accessed and taken without being logged into Infinite Campus. Once the survey is created, the user is presented with a URL and QR code they can distribute to anyone they want to take the survey. You can also generate this information in a PDF.

External survey responses are recorded anonymously and allow for repeat responses. If you would like to capture information about the user taking the survey, please make these questions within the survey itself.

External survey responses can be reviewed and reported via the Response Extract.

Note: External survey URLs/QR codes are only valid for 90 days. You will receive a Process Inbox notification when your survey expires.

This functionality is only available for customers who have purchased the Campus Analytics Suite

Arizona – ESS DDC Extract and Behavior State Event Code Updates (SIS-153093)

The following updates were made to the ESS DCC Extract:

- Population logic was updated to look at IEPs instead of enrollment records when determining if a student is considered Special Ed.
  - If a student has a locked IEP that overlaps the behavior incident, the student is considered SPED.
- The following fields were removed:
  - Primary Violation Indicator
  - Drug Category
  - Drug Intention
  - Action Comments
- Logic for the Violation Code field has been updated to just report the code value from the State Mapped Event Code.
- The Number of Removal/Reassignment hours field has been renamed to Number of Removal/Reassignment Days and logic is now as follows:
  - Report the value set in the Duration in School Days field.
  - If the Duration in School Days field is not populated, calculate the number of instructional days between the resolution start date and resolution end date, including the start/end dates.
    - If the resolution start date and end date are the same value, report 1.

Behavior State Event Code attribute dictionary has been updated to include only the following values:

- Unknown Drug - 117
- Serious Bodily Injury - 119
- Alcohol - 120
- Smoking/Tobacco – 121
- Pocket Knife blade less than 2.5 inches - 122

The following new fields have been added to the CALPADS STAS Extract:

- Field 21 is now Non-ADA Generating Independent Study Days. Previously, this was Incomplete Independent Student Days. For both Traditional Based Attendance and Period Based Attendance, this field reports the total number of days the student did not satisfy requirements necessary to generate a day of attendance for either traditional or course-based independent study.
- Field 22, ADA Generating Independent Student, has been added. For both Traditional Based Attendance and Period Based Attendance, this field reports the total number of days the student satisfied statutory and regulatory requirements necessary to generate a day of attendance for either traditional or course-based independent study.
- Field 23, Period by Period Attendance Method Indicator, reports whether a student's attendance is reported using period by period attendance by converting the periods of attendance into days of attendance. When the Student Absence Summary Data Collection Exemption Indicator (field 13) does not report, this field reports a value of Y.

New Mexico– Student Duplication Happening in STUD_ATT_SUM Extract (SIS-153632)

Two issues have been resolved for the STUD_ATT_SUM extract:

1. If a student has multiple identities, each identity was pulled. This has been corrected to only pull the student's current identity from Census > People > Identities.

2. Previously, the report was looking at Enrollment to pull grade level. This has been updated to pull the State Grade Level Code from System Administration > Calendar > Calendar > Grade Levels
